## *Schedule of Classes*

SPRING SEMESTER 1992

This publication is published two times a year by the Office of Academic Scheduling and provides essential information. In addition to listing the courses which are being offered for the semester, and their times and locations, the *Schedule of Classes* provides information about graduation requirements and University policies and procedures. Please read this booklet carefully before registration. Although this class schedule and catalog supplement were prepared on the basis of the best information available at the time, all information including class meeting times and locations, faculty, course offerings, and statements of fees is subject to change without notice or obligation. The university does not guarantee the availability of a particular course or section.

### CSULB POLICY FOR IMPLEMENTATION OF EQUAL EDUCATIONAL/EMPLOYMENT OPPORTUNITY

CSULB is committed to and obligated by State and Federal laws to extend equal employment and educational opportunity and to take affirmative action to enhance its diversity. The rights of its employees and students are protected by Executive Order 11246 as amended, Revised Order No. 4, Sections 503 and 504 of the Rehabilitation Act of 1973, Title VI and IX of the Educational Amendments. Complaints which allege discriminatory acts or decisions and inquiries concerning the application of these nondiscrimination and affirmative action statutes may be referred to the Affirmative Action Coordinator at (213) 985-4128, 1250 Bellflower Boulevard, Long Beach, California 90840.

# GENERAL EDUCATION

The following describes the General Education requirement in effect on the CSULB campus.

**Special Note on Program Planning:** You must take courses to complete the General Education requirement, the requirements of your major, and you may have the opportunity to take a variety of elective courses. Careful choosing of courses may allow you to take courses which will count in several categories, thus freeing you to take more electives or to pursue a minor or a certificate program. You should seek the assistance of an academic advisor in planning a comprehensive program.

General Education is an important aspect of personal development. It is that part of your university program which encourages you to develop or improve such basic life skills as creativity, critical thinking, self-motivation, independence, an understanding of values, and a general philosophy by which to make decisions throughout life. Possession of these skills makes possible your continued personal growth and the further development of your creative and adaptive capabilities - qualities necessary for you to adjust to and influence a rapidly changing world. It is the basis for life-long learning, and it can increase your ability to be self-directing and to view learning as interrelated elements and not as isolated fragments. It is, in effect, a "survival kit" for the rest of your life!

At CSULB, courses approved for General Education credit provide:

- **Information:** The raw material for thinking, analysis, reflection, and discourse.
- **Methods of Inquiry:** Direction and practice in methodologies of the several disciplines.
- **Basic Skills:** The ability to analyze ideas and data, to relate these to other materials, to develop arguments both logical and cogent, to reach conclusions, and to present the results of these processes with clarity and style.
- **Qualities of Mind:** A respect for data and unpleasant facts; an appreciation of the arts; tolerance, commitment, a taste for learning; creativity, perpetual curiosity, and a sensitivity to ethical considerations.

The academic major which each student selects provides training in depth within a single discipline. The provision within most majors for a number of free electives allows students to follow personal interests. Beyond these important aspects of every student's academic career lies education for breadth: the opportunity to explore other societies, their cultural variety, and the products of human thought and mechanical ingenuity; the chance to learn new analytical approaches, and to evaluate other perspectives, and problem-solving techniques; and the promise of an introduction to new areas of knowledge, and new career options.

To aid you in the process of developing a meaningful and integrative program in General Education, the University offers these forms of assistance:

- Academic advising, including assistance with General Education throughout the year in the Academic Advising Center and in departmental and school offices;
- A special listing each semester, in the *Schedule of Classes*, of those courses which the faculty have specified as being appropriate for the General Education requirement in each category;
- A "Planning Your Academic Program" in the *Schedule of Classes* with information and suggestions on how to maximize your educational opportunities through General Education and the wise use of electives.

Throughout, the University has tried to ensure that you have maximum freedom choosing specific courses, and it is hoped that your choices will be made on the basis of a well thought-out plan which incorporates the principles of breadth and coherence.

## General Regulations

The present policy of the Board of Trustees of The California State University is that students graduating from CSU campuses must fulfill breadth requirements (Section 40405, Title 5, California Administrative Code). Of these, a minimum of nine semester units must be approved upper-division courses taken at the campus conferring the degree. Partial credit may be transferred from another institution; participating regionally accredited institutions may certify completion of no more than 39 semester units.

Each campus in the CSU System may define which of its classes satisfy its General Education requirements and determine which courses are transferable from other institutions (except where 39 units of credit are certified as above). The campus may add requirements and enact other regulations.

## California State University, Long Beach General Education Requirements

Each CSULB baccalaureate graduate must have completed at least 51 semester units of General Education courses. Only courses specifically approved for General Education and so listed in the *Schedule of Classes* may be used to fulfill General Education requirements.

At least nine of the 51 General Education units must be approved upper-division units taken after the student achieves upper-division standing (completion of 60 semester units). Six of these units must be in interdisciplinary courses (with an 'I' suffix). All nine units must be completed at CSULB.

The 51 units of General Education course work includes three units of work in U.S. History and three units in U.S. Constitution and American Ideals (required by Section 40404 of Title 5, California Administrative Code). A student who has met these requirements prior to enrollment at CSULB is exempt.

Cross categorized courses may count in only one category, not both.

No course in the student's major department may be used to satisfy G. E. requirements. Exceptions may be made with the approval of the Academic Senate as follows:

1. All courses in Category A.
2. In Category B.1.a. for majors in the life science departments and in B.2. for majors in the department of Mathematics.
3. In Category D.1.a. for majors in the Department of History.
4. In Category D.1.b. for majors in the Department of Political Science.
5. All Interdisciplinary Courses (I) in ALL categories.

### TOTAL GENERAL EDUCATION UNITS REQUIRED: 51\*

\* 9 of your 51 General Education units must be upper division and taken after you complete 60 units. CSULB accepts a maximum of 39 certified General Education units from California community colleges. 6 of the 9 upper division units must be interdisciplinary courses (I suffix).

**Interdisciplinary Courses** - are required as a part of your General Education - breadth requirements. You must complete six units of courses with the "I" suffix in any of the categories specified before graduation. Interdisciplinary courses are all upper-division courses; they fulfill six of the nine required at the upper-division level in the new General Education requirements.
