

Dear :

This is a reminder that as a housing applicant who is conditionally confirmed or that the deadline to submit proof of your Covid-19 vaccination is one week from today. As of this email our records show you have not submitted any documentation that you have received a Covid vaccine.

Should you neglect the met the **June 15th** deadline, your space in housing could be lost. Remember, to live in housing, you must have one of the CDC-approved COVID-19 Vaccinations. You will need to have proof of having the first shot submitted to the SHS [Patient Portal](#) by June 15th. If you feel you qualify for a medical exemption, please contact our office and we can direct you to the correct resource.

Please note that there are several vaccinations that are required to be submitted before move-in, but the COVID-19 vaccination needs to take precedence to move your application status to fully confirmed. All vaccination requirements must be met before move-in this August.

After successfully submitting your vaccine documentation by June 15th deadline, we will be able to update the conditional confirmation to a full confirmation.

If you have issues loading the proof on the patient portal, please contact Student Health Services (SHS) at SHS-Vaccine@csulb.edu or 562-985-4771
