**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF  
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH  
GOVERNMENT AUDITING STANDARDS**

To the Board of Directors of  
California State University,  
Long Beach Foundation:

We have audited the financial statements of California State University, Long Beach Foundation (the Foundation) as of and for the year ended June 30, 2011, and have issued our report thereon dated September 22, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

**Internal Control Over Financial Reporting**

In planning and performing our audit, we considered California State University, Long Beach Foundation's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the California State University, Long Beach Foundation's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Foundation's internal control over financial reporting.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

## Compliance and Other Matters

As part of obtaining reasonable assurance about whether California State University, Long Beach Foundation's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the audit committee, Board of Directors, management, others within the California State University, Long Beach Foundation, federal awarding agencies, and pass-through entities and is not intended to be, and should not be, used by anyone other than these specified parties.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE WITH  
REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT  
ON EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER  
COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133**

To the Board of Directors of  
California State University,  
Long Beach Foundation:

**Compliance**

We have audited California State University, Long Beach Foundation's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of California State University, Long Beach Foundation's major federal programs for the year ended June 30, 2011. California State University, Long Beach Foundation's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of California State University, Long Beach Foundation's management. Our responsibility is to express an opinion on California State University, Long Beach Foundation's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about California State University, Long Beach Foundation's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of California State University, Long Beach Foundation's compliance with those requirements.

In our opinion, California State University, Long Beach Foundation complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2011.

## **Internal Control Over Compliance**

Management of California State University, Long Beach Foundation is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered California State University, Long Beach Foundation's internal control over compliance with the requirements that could have a direct and material effect on a major federal program to determine the auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of California State University, Long Beach Foundation's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

## **Schedule of Expenditures of Federal Awards**

We have audited the basic financial statements of California State University, Long Beach Foundation as of and for the year ended June 30, 2011, and have issued our report thereon dated September 22, 2011 which contained an unqualified opinion on those financial statements. Our audit was conducted for the purpose of forming an opinion on the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

This report is intended solely for the information and use of the audit committee, Board of Directors, management, others within California State University, Long Beach Foundation, federal awarding agencies, and pass-through entities and is not intended to be, and should not be, used by anyone other than these specified parties.

A handwritten signature in black ink that reads "Windes & McCaughey". The signature is written in a cursive, flowing style.

**SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
FOR THE YEAR ENDED JUNE 30, 2011**

**SECTION I - SUMMARY OF AUDITORS' RESULTS**

**Financial Statements**

Type of auditors' report issued – Unqualified

*Internal control over financial reporting*

1. Material weakness(es) identified? – None reported
2. Significant deficiencies identified? - None reported
3. Noncompliance material to financial statements noted? – No

**Federal Awards**

*Internal control over major programs*

1. Material weakness(es) identified? – No
2. Significant deficiencies identified? – None reported
3. Type of auditors' report issued on compliance for major programs – Unqualified
4. Any audit findings disclosed that are required to be reported in accordance with Section 510(a) of OMB Circular A-133? – No
5. Identification of major programs: Research and development cluster with various CFDA numbers and Congressionally Directed Assistance - CFDA #12.599.
6. Dollar threshold used to distinguish between type A and type B programs was \$811,239.
7. Auditee qualified as low-risk auditee? – No

**SECTION II - FINANCIAL STATEMENTS FINDINGS**

None

**SECTION III - FEDERAL AWARD FINDINGS AND QUESTIONED COSTS**

None

**CALIFORNIA STATE UNIVERSITY,  
LONG BEACH FOUNDATION**

**SCHEDULE OF PRIOR AUDIT FINDINGS AND QUESTIONED COSTS  
FOR THE YEAR ENDED JUNE 30, 2011**

**PRIOR YEAR FINANCIAL STATEMENTS FINDINGS**

**2010-01: Inadequate Controls to Review and Monitor Pledge Receivables**

During the fiscal year ended June 30, 2010 audit, we noted the Foundation had inadequate controls to review and monitor pledge receivables, which has lead to material errors that required adjustments to the Foundation's records. Specifically, we noted the following:

- Pledge receivables were overstated by approximately \$1,300,000. These pledges were determined to be grant awards and not outright gifts to the Foundation.
- Approximately \$1,200,000 was removed to reflect a trust that was determined to be revocable and should not have been recorded in the Foundation's records.
- A \$50,000 donation was accrued in receivables; however, the amount was already recognized in a pledge recorded in the previous year.

Pledges and future donations are tracked by the University's Development offices and schedules are periodically given to the Foundation to record. However, there are inadequate policies and procedures at the Foundation to review the schedules to ensure the schedules are complete and the amounts are valid pledges or gifts. In addition, there are inadequate policies and procedures to follow up on the collection of pledges that are extended out over several years. The audit noted several donors that were delinquent in making their scheduled payment to the Foundation. While there were valid reasons for the delinquencies, these items were not investigated until requested of the auditors.

**Current Year Status**

The Foundation has amended its policies and procedures over the recording of pledge receivables to ensure only valid gifts and pledges are recorded and collection of pledges are monitored for timely collection. No errors were noted in the current year audit and finding is deemed resolved.
