

Dear

At this time, our records have you in the highest priority for housing needs. We presume that you are staying with us. Please let us know if your circumstances have change and you wish to depart from campus.

If you are staying, be prepared to move into a different room in the near future. We will need to better consolidate halls and our services as well to provide the safest living environment possible.

Those asked to move into a different room will not be required to do so until after finals. However, students should have their belongings packed and ready for a quick transition.

We thank you for your flexibility and understanding as our campus responds to the Coronavirus pandemic.
