

BACHELOR OF SCIENCE IN CHEMISTRY

Option in Materials Science Major Requirements Worksheet 2018-2019 Catalog

NOTE: This checklist is not intended to replace advising from the major department. Students should consult with the major advisor to determine the appropriate sequence of courses. This checklist is to inform students of major requirements and course prerequisites only; the [CSULB Course Catalog](#) takes precedence in any conflict. CSULB Enrollment Services prepares the Academic Requirements Report, which is the official graduation verification.

See Dr. Kasha Slowinska about this option.
