

# MINOR IN PHYSICS

## Minor Requirements Worksheet

### 2016-2017 Catalog

Name: \_\_\_\_\_

Student ID: \_\_\_\_\_

*NOTE: This checklist is not intended to replace advising from the major department. Students should consult with the major advisor to determine the appropriate sequence of courses. This checklist is to inform students of major requirements and course prerequisites only. CSULB Enrollment Services prepares the Academic Requirements Report, which is the official graduation verification.*

*Before adding any minors, students must check to see if this addition will affect CSULB's Timely Graduation for Undergraduate Students policy. Under this policy, students may earn up to 120% of the number of units required for the degree in their **declared primary major**. In addition, the policy requires that a student must file a Request to Graduate form with Enrollment Services by the time the student has completed 100% of the units required for the declared primary major. Any additional degree objectives (e.g., majors, minors, certificates, etc.) must be completed within the 120% unit limit. For more information, see [http://www.csulb.edu/enrollment/graduation/bachelors/timely\\_grad\\_ugrad.html](http://www.csulb.edu/enrollment/graduation/bachelors/timely_grad_ugrad.html).*

The minor in Physics is available to any non-Physics major. A minimum of 20 units which must include the following.

Semester	Grade	Course #	Course Title	Prerequisites
		PHYS 151	Mechanics and Heat (4)	<i>Pre/Corequisite: MATH 122</i>
		PHYS 152	Electricity and Magnetism (4)	PHYS 151; <i>Pre/Corequisite: MATH 123</i>
		PHYS 254	Modern Physics and Light (3)	PHYS 152 <i>or</i> EE 210; <i>Pre/Corequisite: MATH 224</i>

## UPPER DIVISION

Take a *minimum* of 9 units in physics:

Semester	Grade	Course #	Course Title	Prerequisites
