Students who plan to pursue teacher education programs should recognize that the academic scholarship requirement for certain credentials is a minimum grade of C or better in specified courses and an overall grade point average of 2.5 (C+). Students on academic probation at the College are not permitted to enroll in education classes.

8. Residence

A minimum of 24 semester units shall be earned in residence in the College. At least one-half of these units shall be completed among the last 20 semester units counted toward the degree. This requirement may be reduced for active military duty and for attendance at other California state colleges. Credit in summer sessions may be substituted for regular session unit requirements on a unit for unit basis.

COURSES SATISFYING GENERAL EDUCATION REQUIREMENTS FOR THE BACHELOR'S DEGREE

A candidate for a bachelor's degree at California State College, Long Beach must complete a minimum general education requirement of 40 semester units. The student must complete not less than six units in each of the categories I to IV and not less than a total of 32 units in categories I to V. In categories I to IV, no more than 9 units in the category in which the student's major is listed may be used to satisfy general education requirements. No courses in the student's major department may be used to satisfy the 40 units of general education with the exception of those in category V. Satisfactory completion of the Honors Program automatically satisfies the General Education requirement completely with the exception of category V.

- I. *Natural Science*—Two or more courses (totaling six or more units) in the departments of Biology (which includes anatomy and physiology, biology, botany, entomology, and zoology); chemistry; geology; microbiology; or physics (which includes astronomy and physical science). At least one laboratory science course must be included.
- II. *Social Sciences*—Two or more courses (totaling six or more units) in the departments of anthropology, economics, geography, history, political science, psychology, or sociology, exclusive of any courses chosen to satisfy the requirements of U.S. History, Government and Constitution, included in category V.
- III. *Humanities*—Two or more courses (totaling six or more units). One of these must be either a philosophy course (offered by the Department of Philosophy), or a literature course offered by one of the following departments: English, Comparative Literature, or Foreign Languages.

A second course in this category must be an appropriate course in one of the following departments: Art, Music, or Theatre Arts. (The departments named will decide which of their courses are appropriate.)

- IV. *Basic Communication*—Two or more courses (totaling six or more units) in English composition, foreign language (other than literature courses), journalism, mathematics, radio-TV, speech, or statistics, exclusive of any course chosen to satisfy the English composition requirement included in Category V.
- V. *Special Subjects*—One course in United States history; one course in United States government and Constitution (Political Science Department); and one course in English Composition. The student has the option of receiving credit by examination; departments will make such examinations available. A student who fails any such examination has the option of repeating the examination without penalty, or taking the course(s) which satisfy the requirement. A student who has met any of these requirements prior to enrollment at California State College, Long Beach, is exempt. Unit credit (to be included in the 40-unit general education requirement total and in the total number of units required for graduation, but not in the student's grade point average) shall be granted for satisfactory completion of examination in these subjects. Credit by examination, however, is subject to conditions specified in the General Bulletin.
- VI. *Optional Electives*—A maximum of 8 units may be selected from courses offered by any departments other than those in the School of the student's major. However, units in health education and physical education may be elected under this option by all students except health education and physical education majors.

9. Faculty Approval

Proficiency of a student in any and all parts of a curriculum is properly ascertained by the faculty of the College. A favorable vote of the faculty shall be required to make a student eligible to receive a degree.

10. Election of Regulations for Degree Requirements

A student remaining in continuous attendance and continuing in the same curriculum in the College may elect to meet the graduation requirements in effect either at the time of his entering the College or at the time of his graduation therefrom, except that substitutions for discontinued courses may be authorized or required by the proper College authorities.

Continuous attendance may be claimed by any student whose registration record does not indicate a lapse of more than twelve months; however, enrolling and completing work in corresponding terms in con-

Baccalaureate Degrees

secutive calendar years will qualify as continuous attendance. The summer sessions as well as the fall term and spring term are included in this definition of "corresponding terms."

Failure to remain in continuous attendance will mean that the student must meet the regulations current at the time of resuming the degree program, or those applicable at the time of graduation. A change in the major for the degree automatically carries with such a change the acceptance of the current regulations pertaining to the new course of studies.

GRADUATION WITH HONORS

Cum Laude—A student eligible for a bachelor's degree who has attained an overall grade point average of 3.0 on all college units attempted may be graduated *Cum Laude* provided that he has also completed a minimum of 60 units at this College with a 3.0 average or higher.

Magna Cum Laude—A student eligible for a bachelor's degree who has attained an overall grade point average of 3.5 on all college units attempted may be graduated *Magna Cum Laude* provided that he has also completed a minimum of 60 units at this College with a 3.0 average or higher.

Summa Cum Laude—A student eligible for a bachelor's degree who has attained an overall grade point average of 3.75 on all college units attempted may be graduated *Summa Cum Laude* provided that he has also completed a minimum of 60 units at this College with a 3.0 average or higher.
