

SCHEDULE OF CLASSES SPRING 1967

Department	Page	Department	Page	Department	Page
Anatomy & Physiology	59	English	50	Men's Physical Education	49
Anthropology	72	Entomology	61	Microbiology	67
Art	38	Finance	24	Music	43
Astronomy	68	French	54	Nursing	22
Accounting	23	Geography	74	Operations Research & Statistics	26
Biology	60	Geology	64	Philosophy	56
Botany	61	German	55	Photography	21
Business	27	Health Education	45	Physical Education	46
Business Education	24	History	74	Physical Science	68
Chemistry	62	Home Economics	19	Physics	68
Civil Engineering	34	Honors Program	18	Political Science	76
Criminology	18	Industrial Arts	20	Psychology	70
Drama	41	Industrial Technology	22	Recreation	50
Economics	73	Instructional Media	30	Russian	55
Education	33	Journalism	56	Safety Education	45
Educational Administration	27	Latin	55	Secondary Education	31
Educational Foundations	27	Management	25	Social Science	77
Educational Psychology	27	Marketing	26	Sociology	77
Elementary Education	29	Mathematics	65	Spanish	55
Electrical Engineering	35	Mechanical Engineering	36	Speech	57
				Women's Physical Education	50
				Zoology	62

COURSES SATISFYING GENERAL EDUCATION REQUIREMENTS

REQUIREMENTS	LOWER DIVISION	UPPER DIVISION
I. Social Science (9 units) A. U.S. History	History 171A or B or 161A, B	Any upper division U.S. History course except California history.
B. U.S. Government and Constitution	Political Science 100 (includes Federal and State and Local Government.)	Political Science 421 (includes Federal and State and Local Government.) P.S. 425 (for those needing <i>only</i> State and Local Government.)
C. Electives	Select lower and upper division courses in anthropology, economics, geography, history, political science or sociology.	
II. Natural Science (9 units, which <i>must include</i> at least one biological science course and one physical science course. <i>Two semesters of laboratory science are required.</i>)	BIOLOGICAL SCIENCE	
	Courses requiring no prerequisites: Biology 200, 202; Botany 200, 201, 210, 211, 212; Zoology 210A-B. Students having had a year of high school biology may select their lower division biological science from the courses listed below: Anatomy and Physiology 200; Botany 200; Biology 201, 203, 204; Entomology 200; Microbiology 100, 101, 210; Zoology 200, 201.	Select upper division courses for which prerequisites have been met in: anatomy and physiology; microbiology; biology; botany; entomology and zoology.
III. Literature, Philosophy, or the Arts (6 units, 3 of which must be in literature or philosophy.)	PHYSICAL SCIENCE	
	Courses requiring no prerequisite: Physical Science 112; Geology 100; Astronomy 100. Students having had the appropriate high school background as listed in the catalog may select their lower division physical science from the courses listed below: Chemistry 100, 111A-B; Geology 101; Physics 100A-B, 104.	Select upper division courses for which prerequisites have been met in: chemistry, geology, physics.
IV. English (3 units)	LITERATURE	
	Any literature course, except English 184, 481, 482.	
	PHILOSOPHY	
V. Speech (3 units)	Any philosophy course.	
VI. Psychology (3 units)	ARTS	
VII. Physical Education (2 units)	Any course in art, drama, music, industrial arts, or home economics. (Special methods courses are not applicable.)	
VIII. Health Education and Safety (2 units)	English 100.	
IX. Electives (8 units)	Speech 130, 131, 132, 133.	
	Psychology 100.	
	Four successive semesters of Physical Education 103, 104, 105, 106.	
	Health Education 110.	
	Select from any of the above fields, including journalism and mathematics. Six units of foreign languages may be applied as electives.
