

Dear

Housing Applications for the Academic Year 2021-2022 are now open through the housing portal on your single sign on.

Last year you expressed interest in living on campus, but as you know due to the pandemic, we were highly restricted in who we could approve to live in housing. With a decrease in cases in our area and the progress made with vaccines, Housing and Residential Life expects to be open at approximately 85%. We will be housing students in double and triple room occupancy. **All students who live on campus must show proof a CDC approved covid-19 vaccine (proof of first shot by June 15).**

Space is limited. In a regular year we typically have a waitlist. This year we expect our waitlist to be longer than usual. This is due to the remaining public health restrictions, and also the demand by individuals who did not have the opportunity to live with us in the current academic year.

For more information on the application process, please check out our website at [www.housing.csulb.edu](http://www.housing.csulb.edu)

Thank you again for your interest, and we hope you will take this opportunity to apply to live in housing for the 2021-2021 Academic Year.
