Important Dates for Returning Residents:

Meningitis Vaccination

Please contact [Student Health Services](#) for information about the required immunizations for Housing and how to submit your proof. Returning residents who have submitted their immunization records in previous years are not required to submit their records again.

Move In Day

You will receive an email in regards to your Fall 2019 Check-In Time and Drop & Go unloading zone closer to move in day. You will also receive a Move-In Guide which will include a move-in checklist and prohibited items.

Beach Days

In collaboration with our campus partners, we have planned a series of activities, workshops, and events that will prepare you for your residential life experience and will equip you with the tools for academic success. This will also allow you to meet other students in the residence halls and get accommodated with your new home! New freshmen, new transfer students, and returning residents are able to participate in the Beach Days activities. Stay tuned for our official [Beach Days Schedule](#).

Sincerely,
