

## ON THE ROAD with OLLI

By *Barry Bosscher*

On December 1st of 2023, 20 OLLI members and friends sought their fortunes with a visit to Sony Studios to see the taping of Wheel of Fortune. Prior to the show we stopped at the famed Farmers Market for lunch. We were offered a variety of food options by our tour guide, Alan, from Good Times Travel. We came back to the bus and talked about where we had eaten. None were disappointed. We then proceeded to Sony Studios. On the way Alan regaled us with fun facts and stories about Pat Sajak and Vanna White and the history of Wheel of Fortune.

Audiences typically see the taping of two shows but we were treated to three shows as they were preparing for a break for the holidays. Prior to the shows, Vanna came out to greet the audience and answer questions. Making this trip special is that this is Pat's last season as host of the show, marking the end of 43 years as host.

We look forward to our next outing and encourage you to join us. Watch for announcements in the newsletters or contact the OLLI office for information.
