Meet OLLI People: Lee Sianez to the Rescue!

By Patti LaPlace

You know her voice, her phone number and/or her email. You contact her because you are having a virtual crisis of some kind; a missing Zoom link, cannot register or pay online. To the rescue, Lee Sianez!

Introducing Lee Sianez, the person behind the OLLI Curtain. Her response is welcoming, helpful and even soothing. She spends the time with you and does not make you feel incompetent because you cannot figure something out. Customer service is her main focus and Lee performs this task with enthusiasm and perfection. Lets get to know Lee; a valued employee of OLLI at CSULB and a special lady!

Lee Sianez was born in Philadelphia and raised in Bellwood, IL, just outside Chicago. She moved to Santa Monica in 1964. She came to OLLI 8 years ago to take classes and heard of a need for a tech person for a new system. The rest is history. Lee has expressed how rewarding her job is in terms of interacting with the various members. Even though there are busy days, Lee really loves the opportunity to help our members. Her grandson, after listening to how Lee interacts with OLLI members commented one day, "Nana, you were made for this job!"

Lee shared her favorite customer service experience of helping a hearing-impaired student who was new to OLLI at age 92. She picked up the call and heard "I am hearing impaired and am using a device that provides captioning please speak slowly and clearly". Great lesson! This amazing man called every day to navigate the online registration. After two weeks of calls, he came to classes 3 times a week - on his own! That was success!

How does Lee see her future at OLLI? Her response was: "I hope I can keep up with the needs of our members. As technology changes, I hope I can give encouragement and confidence to navigate new technology. This is also a shout out to all the amazing instructors who have walked our members through Technology! Many times, when I would offer to just take care of their issue on the admin side, the response would be ... "NO! I want to do it myself!" I remind them that our generation put a man on the moon with a slide rule! We got this!" Lee also stated that her own lifelong learning experience comes from what she learns from our members. Using Zoom for our classes, she has had the opportunity to listen in on many enjoyable classes. Her mantra is "Boomers to Zoomers!"

Thank you, Lee. We are lucky to have you as part of our OLLI family!

Lee Sianez

The President's Corner: We are Growing!

Vision: We celebrate the positive aspects of aging through a community that fosters personal growth, promotes individual empowerment, and nurtures human potential through lifelong learning.

Mission: OLLI at CSULB provides educational opportunities, encourages an active lifestyle, and promotes social opportunities for older adults

OLLI will open Fall Registration with over 80 classes and 20 new instructors. Membership is up over 1200 and our off-campus venues are aligning with our class needs and community outreach. Not only is this exciting to see, recognizing the response from our past and new members, but fulfills one of our Strategic Plan goals to optimize growth.

Marc Davidson

Outreach to local community cultural centers, as well as embracing our diversity goals, continues to be a strategic focus. The Governing Council Working Groups have never been more aligned with the tactics and planning initiatives to grow and improve our OLLI program!

So many of us found OLLI through our friends. The power of “word of mouth”, especially from trusted friends and colleagues, may be the strongest tool for introducing OLLI to a new group in our community!

We are launching the “Bring a Friend” campaign – stay tuned on how you can participate.

One final outreach: the uniqueness, and I might add, strength of a life-long learning program such as OLLI is the social interaction and learning within the relationships of our members. Please embrace these new and continued relationships, respect each other’s opinions, engage in constructive conversations, and recognize that diversity is what makes us strong – on this we commit to build.

I look forward to seeing and hearing from you – anytime!

THE DREADED P WORD

Among the constructive feedback we received from the recent member survey were a number of comments and complaints about the cost and availability of parking on the CSULB campus. The OLLI Governing Council shares your frustration and has advocated for our senior program. As much as we hoped to influence changes, we have no control over any aspect of on-campus parking. Everyone who comes on campus must pay for parking - faculty, staff, students, community members, and visitors.

However, once you have that parking permit, the world of CSULB is open to you to explore and discover, including a wide variety of services and venues – The Earl Burns Miller Japanese Garden, The Kleefeld Contemporary Art Museum, The Carpenter Performing Arts Center, the CSULB Outdoor Sculpture Collection, the University Library, Science Exhibits, a variety of CSULB sporting events at the Pyramid and other campus locations, shopping at the University Book Store, visiting the Student Union or simply taking a walk around the beautiful campus (and get in those steps!).

Invest in a Pleasant campus experience!

From the Executive Director: Fall Forward

Fall is my favorite season for many reasons. My birthday is in the Fall. I love that we regain the hour we lost in the Spring during daylight savings. My two favorite holidays are in the Fall, Halloween and Thanksgiving. However, the best reason I love the Fall is that we start our OLLI academic year.

In the Summer edition of *The SUN*, our Governing Council President, Marc Davidson, wrote about how we are listening and that continues to be true for the Fall. Marc is doing an excellent job leading the Ad Hoc Diversity

Patti LaPlace

Committee and moving forward with connecting OLLI with key resources and individuals in our diverse community. With the completion of our Member Survey last Spring, thanks to Karin Covey, and Mary Kay Toumajian, we had the opportunity to hear about your feedback and suggestions. A special thank you for all who took

the time to complete the survey! In addition, due to the dedication and hard work of our Governing Council and Bill Shaddle, our Vice President, we moved forward in updating our OLLI 5-year Strategic Plan. Thank you, Bill! The Member Survey was an important tool in this planning process for it provided information that helped in drafting the new plan.

We are moving forward in acquiring more community sites for our OLLI classes including most recently, Signal Hill Parks, Recreation and Library Services and a potential partnership with Los Alamitos Recreation and Community Services Department. Thanks to the efforts of our Communications and PR/ Marketing working group and the leadership of Jan Stein, we will be moving forward with a "Bring a Friend" campaign. The Annual Member Meeting planned for September 14 will be an opportunity to introduce new friends to OLLI. Treasurer Myles Newborn will update us on "The State of OLLI" as he keeps an eye on our finances. Membership numbers for OLLI are now over 1200 as a result

of Communications and PR/Marketing group efforts. Our goal is to eventually achieve our pre-pandemic numbers of 2000.

Our other working group efforts such as Education, led by Donna Hawk, are moving forward in recruiting new instructors with new courses. Technology, led by Kathy Winkenwerder and Wesley Peck, are offering new technology courses and resources. Janet Lipson just volunteered to assist with a Member-at-Large position. Member Services, led by Barbara Norberg and Karin Covey, is moving forward with free OLLI forum events as well as welcoming new members and recruiting volunteers. As the Volunteer Coordinator, Barbara has been instrumental in outreach and gaining new members. This role has been instrumental in creating meaningful contributions to the OLLI organization as a whole. Of course, we don't want to leave out the Fall forward movement of our Development working group, led by Glenn Libby. They will hold a Legacy Giving Webinar on September 25th in partnership with the Legacy Giving Office. This working group has established a strong collaboration with the Legacy Giving and CHHS Development departments on campus to solidify future fundraising efforts.

Let us not forget the hard work and sometimes behind the scenes tasks of our Administrative Staff, Becky Low and Lee Sianez. We all love Becky and she is invaluable to the OLLI organization. She has been moving forward to keep our Website and Facebook page updated and user friendly as well as helping members register for courses. Although, most of you have probably not met Lee Sianez in person, you know she is always there to help with tech support. Lee is featured in *The SUN*; have a read to get to know her better. Of course, I would be incredibly remiss to not mention Karin Covey, who is instrumental in helping me go forward to get things done for OLLI. Thank you, Karin!

News from the Technology Lab

by Kathy Winkenwerder

The computer world changes constantly, so there is always something new to learn.

How to Stream

The streaming world keeps changing. Some new services are emerging. Some are merging, and new streaming devices

Kathy Winkenwerder

are on the market. There is an amazing amount of content, both local and online out there waiting for you to watch. If you haven't begun to stream entertainment content and want to start, getting started can be confusing. Learn how in the **Cut the Cable & Learn How to Stream** class. Jack Friedman will explain how streaming works, what you need to do to get started and

what content you can watch after you do.

Two in-person classes are offered in the Tech lab

Basic Computer Skills

Did you just get a new computer or want to learn more about the one you have now? This class will include in-person instruction on how to use either a Mac or Windows computer. Practice your new skills on the OLLI lab computers. Wesley Peck is the instructor.

One-on-one Class

If you would like an in-person and private tutorial covering your questions about how to use your **iPhone or iPad**, sign up for an hour and a half session with computer lab instructor, Marilyn Gettys. Class times are limited to 8 participants.

Keeping up with AI

These days it's hard to avoid running into material about AI. The subject seems to be everywhere. Louise Soe will teach **What's happening with Artificial Intelligence?** Important concepts + the latest developments will give you a balanced picture; whether or not AI will be a boon to our lives, or it soon will be in control. The class will include a survey of this new field we've all been hearing so much about.

iOS 18

OLLI classes introducing the iPhone's yearly new operating systems have been offered every year since a class on iOS 11 was held in 2018. Discover what's new this Fall and how the features can be useful to you in **What's new in iOS 18**. Changes will include the new stand-alone Password app that holds passwords, passkeys, and more. Others are being able to make big changes to Home Screens and the Control Center. And, of course there will be the now-familiar list of new AI features. I'll be teaching this class.

Help Wanted: New Members

The upcoming Fall session kicks off OLLI's annual membership year. Because word of mouth is the most common way people first hear about OLLI this is the perfect time for us all to share the joy of life-long learning with our friends, neighbors, and family.

While our membership continues to grow and rebuild since the pandemic, we want to welcome more new members to our ranks so they can also benefit from all OLLI has to offer.

Every OLLI member can have a role in our new "Bring a Friend" campaign. There are many ways you can support this initiative:

- Bring a friend to a class to experience OLLI firsthand.
- Forward a digital copy of *The SUN*.
- Direct a friend to our website: www.csulb.edu/olli
- Invite a friend to the Member Meeting on Sept. 14th.
- Give an OLLI bookmark or brochure when talking to friends and neighbors (items can be obtained at the OLLI office).
- Talk about OLLI with your book club, church members, bridge or mahjong group, neighborhood association, poker night friends, golf or pickleball partners.
- Share your personal experiences as an OLLI member .

Communications Working Group

Help Wanted: Teachers

**Civilization exists because
people pass on what they know.
Do your part and teach a class!**

OLLI Instructor help is always wanted! No degrees necessary. Just knowledge, time and enthusiasm about a subject. Interested?

Go to the OLLI website and look in the left sidebar for Volunteer Instructor Information. You'll see how to get started using the Class Proposal form.

There are suggested classes and or events that might be included in the Winter session. Is a topic that you might help with missing from our list? Send a note to the OLLI office and we will be in touch!

The Member Survey Results

By Karin Covey and Mary Kay Toumajan

What did the April Membership Survey tell us? We wanted to share some of the major findings with you. Here's a little peek into our membership demographics:

- 75% of our members are female.
- 50% are in their 70s, with 15% in both the 65 - 69 age group and the 80 - 84 bracket.
- 32% are CSULB graduates, some belong to the Alumni Association.

Members have indicated that they enjoy "intellectually challenging" and thought-provoking classes, fun and entertaining classes, active skill learning classes as well as classes dealing with physical well-being (exercise, nutrition, mobility, balance). The reputation of our instructors is important to our members, and they love new topics, often related to previous studies.

When we asked about their satisfaction with OLLI, an overwhelming 96% of you said you were satisfied or very satisfied.

When it comes to where you prefer taking your classes, opinions are pretty evenly split:

- On-campus: 40%
- Off-campus: 30%
- Zoom: 30%

Becky's weekly emails are a hit! Over 88% of you said these emails keep you informed and up to date. Plus, you've praised our wonderful staff for making it easy to get your questions answered.

Our members are quite the social media enthusiasts, frequenting Facebook and YouTube the most often.

Parking on campus can be a hassle, and 52% of you mentioned that the cost of parking influences your class selection. We hear you and are always looking for ways to make your OLLI experience smoother.

We love that the majority of you take two classes per session and are interested in more social and special events.

We were delighted to see so many of our members take the time to share their positive comments about OLLI in the open sections of the survey. Your feedback truly warms our hearts. The best part? A whopping 94% of you plan to join us again next year!

Getting Around LB

By Mary Boykin

Does the parking situation at CSULB prevent you from enrolling in classes you would enjoy? If so, let me share with you my experience in getting to campus via the bus (see Long Beach Transit).

Using the phone app Moovit or TAP I determine what time I need to be at the bus stop to get to class. Once there I hop on the bus, pay with my Senior TAP card and find my seat. Twenty five minutes later I'm on campus. No fuss and all for 60 cents. I have found the buses to be clean, comfortable and safe.

If you haven't tried a bus ride, I encourage you to check the bus out as alternative transportation to campus. If you are 62 years or older you qualify for a reduced fare TAP card from Metro. With the card the fare is 60 cents per ride.

For more information and to apply, go to their [website taptogo.net](http://website.taptogo.net). You may also apply by calling Customer Service at (866) 827-8646 or apply in person at a Metro Customer Center.

NOTE: Come to the Annual Member Meeting in September and visit with representatives from Long Beach Transit. They will be ready to assist with TAP cards and bus information.

Monday

STAND TALL - STAND STRONG

Mondays, Oct. 7 – Nov. 18 & Wednesdays, Oct. 2 – Nov. 20
8:30 - 9:50 a.m. Zoom

This active Zoom class meets Mon. and Wed.; choose to attend once or twice weekly. Gentle warm up, stretches, strengthening, and balance activities are included in this full-body work out. You will need a home space about 6 ft. in diameter, and a stable chair. Water is essential. Bring a resistance band: elastic tube, covered in cloth, with soft handles, available online at Amazon, FitCord or at Big Five, Target, or TJ Maxx. Choose a resistance level: Moderate resistance. If you have shoulder issues consider Light resistance. If you are buff, try Heavy. If you are tall, get a longer length cord. Cloth covered tubes are expensive, but protect the skin and should the tube break, it will not snap back at you. Questions? Email manosfrios@gmail.com. Class limit: 50

Instructor: Lorraine Goldman, MPT Retired., Certified CEEA

Did you study French in high school or college and wish that you could have continued your studies? Have you been brushing up on French using Duo Lingo but feel a need to have feedback from a live French-speaking person? If so, this course is for you! Come to refresh your memory and ignite your ability to speak and understand French. Guided conversations, vocabulary building, review of essential grammar, and training in proper pronunciation will be supported by a little reading, a little writing, and songs. This course is for those with some knowledge of French and is not intended to be a first-time experience in learning French. Class limit: 12

Instructor: Pattie Davidson, BA in French from U. of Houston. She spent a full year studying French language, culture, and history at Universite de Strasbourg Institut pour Etrangers.

FINISHING UP OLD PROJECTS PART 2

Mondays, Oct. 7 - Nov. 18
1:00 – 4:00 p.m. (3 hours)
Alpert Jewish Community Center

I have been teaching for OLLI for four years and I can’t believe time has gone by so quickly. I decided we should keep working during this Fall session on unfinished projects. We will have 6 weeks to catch up and work together to finish them all. You can also enjoy a great sense of accomplishment in finally finishing that unfinished project sitting on your shelf. Bring your tool kit and any materials or tools you need for your project.

This class is only for former students and unfinished projects from Sheryl Haglunds prior classes.

Class limit 14
Instructor: Sheryl Haglund

UNDERSTANDING OUR PLACE IN THE UNIVERSE: PART 1

Mondays, Oct. 7 - Nov. 18
2:00 – 3:30 p.m. Zoom

Our first meeting starts with a basic inventory of our observable universe as we consider Earth, our solar system, stars, galaxies, clusters, and superclusters. We will marvel at the appearance of these heavenly bodies, their features, and their relative sizes and distances from each other. As we examine the sky and the motion of the Earth, we will understand the causes of seasons. Together we will study eclipses and phases of the Moon. Finally, we will analyze the basic properties of light and realize the scientific implications of the recent stunning images from the James Webb Space Telescope. All class sessions feature striking visual presentations. Class limit: 50

Instructor: Dr. Montserrat Geier, Lecturer Emerita, taught Physics and Astronomy at CSULB.

ELECTRIC CARS: HOW TO BUY, CHARGE, DRIVE ONE

*Tuesdays, Oct. 1 – Nov. 5. (6 wks.)
10:00 a.m. – 11:30 p.m.*

LAUMC Hall

Many people are curious about possibly owning an electric car but are confused about many aspects of purchasing, owning and driving an electric car. This class breaks down the differences between hybrid, plug-in hybrid and fully electric cars. I will provide current model examples of each vehicle type and describe their capabilities such as range and fuel economy and discuss what it is like to charge an electrified vehicle using home and public charging stations. I will debunk wrong or misleading information such as that EV batteries catch fire or that EV batteries cause pollution. If class members are actively shopping for a car, we'll discuss the best strategy to find the right car at a fair price. Class limit: 30

Instructor: Philip Reed, worked as an undercover car salesman for Edmunds.com for 16 yrs. & for Nerd/Wallet.com for 6 yrs. and owns EVs

INTRO TO SHAKESPEARE

*Tuesdays, Oct. 1 – Nov. 19
10:00 – 11:30 a.m.*

Alpert Jewish Community Center

This class will feature a Shakespeare play each week with the intention of making the plays understandable in modern times. We will try to explain the play both in the time period, and when it actually took place and the time period it was written. Shakespeare can be considered the Norman Lear or Woody Allen of his time. Come see why. Class limit: 30

Instructor: Daniel Shere, retired H. S. instructor of Creative Writing & American Lit; poems, journal articles, two novels, and autobiography published

MASTERING WATERCOLOR

*Tuesdays, Oct. 1 – Nov. 19
10:00 a.m. - 12:00 p.m. Zoom*

This lab-style watercolor workshop is a skills and theory lab class. Bring your own subject material - a photograph/s that you desire to paint - and over the course of the lessons, you will work through finding your subject, defining elements of the story, composition, value and color. You will learn to use apps on your phone or pad to assist with the process. The goal is to be able to translate any subject into a watercolor painting. Get as much feedback and critique from your peers as you want, and work at your own pace. The instructor will incorporate skill exercises to flex your muscle memory when it comes to various watercolor techniques. *No class Oct. 8. Class limit: 30*

*Instructor: Anne Kupillas

FOUNDATIONS OF INVESTING

*Tuesdays, Oct. 1 – Nov. 12 (7 wks)
10:00 – 11:30 a.m. Zoom*

This class will cover essential investing in a declining interest rate economy. Increasingly volatile markets can create opportunities and potential pitfalls. We will address the principals of selecting stocks, bonds, and other investments, with a focus on using investment income to fund retirement. Learn how to read financial statements and to translate confusing financial jargon. We will discuss the evolving world of crypto currency (Bitcoin, Ethereum, etc.) Information will include the role of a financial advisor and identifying fees and costs. Time will be allotted for individual questions and answers. No products or services are sold, endorsed, or marketed. Class limit: 25

Instructor: Andy Dilsaver, CFP®, Financial Advisor

BASIC COMPUTER SKILLS

*Tuesdays, Oct. 1 – Nov. 19
11:00 a.m. – 12:30 p.m.*

CSULB, HS&D Tech Lab

Learn or review the basic skills needed for your computer's operating system (OS) and the programs you use. We'll explore computer operating systems (but NOT phones or tablets). We will use the OLLI Lab computers, which run Windows or Mac OS to practice these skills. Suitable for beginners or someone who is switching operating systems. Class limit: 10

Instructor: Wesley Peck.

NUTRITION AT THIS TIME IN YOUR LIFE

Tuesdays, Oct. 1 - 22
1:00 - 2:00 p.m. LAUMC Hall

Learn about general nutrition information to maintain and/or improve health as we age. Are we the same as we were in our 40’s? Is 60 the new 50? How much do we already know about what we need to keep us active and healthy? Learn how to apply better nutrition choices to our daily lives. Learn how to read a food label. How do our nutrition needs change as we age? What is a healthy diet? Learn more in a relaxing, no stress setting (not the doctor’s office). Class limit: 15.

Instructor: Joanne Feldman, BS CSULB Dietetics & Food Administration; MA CSULB Nutrition; Registered Dietitian Nutritionist

THE VALUE OF AN EXAMINED LIFE

Tuesdays, Oct. 1 – 29
1:00 – 2:45 p.m.

CSULB, HS&D, room 101

When we reveal ourselves through story, we become aware of the multi-faceted, multi-chaptered “I” who is the storyteller. This class uses a developmental approach to explore how connecting past experiences to present, amid different changing contexts over a lifetime may be the most important work of later years. Your story is not just facts and events, it is the way you integrate facts and events, pull them apart and then weave them back together to make meaning. Class limit: 15

Instructor: Kathryn Skrabo: MSW has worked across age groups and populations. Certified Guided Autobiography Facilitator and a member of The Center for Life Story Innovations and Practice, facilitating Life Story Narrative groups for the past nine years.

MEDITATION WITH CAROL

Fridays, Oct. 4 – Nov. 22
9:00– 10:30 a.m.
CSULB, HS&D, rm 101

Meditation has been defined as a way to quiet the mind, connect with our inner self, and even heal the body. It has been used for centuries within most spiritual and religious settings. In the Western world it is being accepted not only as a spiritual practice, but also as an adjunct to other therapies to treat chronic pain, lower blood pressure, and PTSD. It is a useful tool for everyone to disconnect from the constant barrage of emails, negative news, and traffic jams.

Carol believes daily meditation provides insight into different levels of consciousness. After experimenting with other forms of meditation, today she primarily uses a technique classified as “open focus.” She is working on her doctorate and studying people’s motivations for beginning a meditation practice during the pandemic.

Instructor: Jessica Duron, a distinguished scholar with dual BS degrees in physics and chemistry from Cal State Fullerton, currently pursuing a MS degree in physical chemistry. Her research career began in physics, focusing on mitigating radiation therapy damage in cancer treatment. She transitioned to chemistry research, developing imaging probes for hyperpolarized 13C spectroscopy to observe metabolic processes in real-time. Now, she combines her passion for both fields, focusing on 2D nanomaterials using density functional theory (DFT) to study the effects of oxygenated hole defects on electronic properties. Jessica has presented her work at conferences, including the American Physical Society, the American Chemical Society, and the Conferences for Undergraduate Women in Physical Sciences

COMEDY CAPERS

**Fridays, Oct. 4 - Nov. 22)
2:30 – 4:30 p.m.
CSULB, HS&D, rm 101 / Zoom**

More laughter featuring a few more of my favorite comedy movies from the 40s, 60s, 70s, and 80s. These will further our matinee study of the different comedy genres. This session continues the laughs with films I have enjoyed and I hope you will too! Most are not the mainstream comedies you would expect, but rather overlooked films that deserve a second chance. This Hyflex class (both Zoom and on Campus) will make you smile with an occasional chuckle. Time to grab the popcorn and get ready to enjoy your afternoon.

Class limit: 80

Instructor: Karen Lucas.

Class limit: 20

Instructor: Stephen Newcomb.

OLLI FAREWELL

For anyone who has admired the watercolor artwork in the OLLI office, please know that they were done by **Roy Hubbs**, one of the early OLLI instructors who taught drawing and watercolor art. He taught classes on campus for close to ten years, inspiring many to improve and create art.

His family contacted us to say that Roy died on August 14, 2024 and they wished for a notice in *The SUN* or a newsletter so that the many students at OLLI would remember Roy.

A poem was written by Carol Feeney, another former OLLI member in a poetry class. Roy's wife, Barbara, thought maybe one paragraph would describe Roy's OLLI career.

*Wearing a Hawaiian shirt splashed with hibiscus,
The artist teacher walks to the podium.
Speaking of the necessity of art,
he proffers his classes
Inviting students to enroll –
watercolor, papermache....*

We will miss Roy's talents and enthusiasm for his art and for teaching.

THE ART OF SONG: SONGWRITING

Saturdays, Oct. 5 - Nov. 23
10:00 a.m. - 12:00 p.m.
CSULB, HS&D, rm 101

The art of songwriting is one that just about anyone can learn. Whether or not you've tried your hand at music composition in the past, this class will give you the opportunity to get creative, or receive re-assurance to continue your passion for songwriting.

The class will be an interactive, exploration of songwriting, tools, techniques, including guest artists sharing their process and work. While it will be useful to have access to a musical instrument this is not a requirement.

Each class participant will be encouraged to write and develop a song during the session, receiving feedback and support along the way, with a final session "special event" performance of our class songwriters.

Class limit: 16

Instructors: Marc Davidson & Robin Alpers

PUNDITS, POLLS, & POLITICS

Wednesday, October 16
10:00 a.m.- 12:00 p.m. Zoom
Mtg ID to be published

The '24 Election is here! How can we make an informed choice? Let's 1) Review POTUS "Approval" history (1945-2020), 2) Explore how better voter polls are done, 3) Discuss major '24 election issues and 4) Identify party positions. We'll review the current polls and do some in-class survey exercises such as a typical Corporate Assessment Model (CAM) on the choice for POTUS. CAM is a "tool" to rank the issues AND the candidates! We will hold a class electoral vote prediction, state-by-state! Just 1 in 20 voters actually decide an election! Let's be a better prepared voter and be part of the "1"! *A cell-phone and some familiarity with Q/R codes is helpful, but not required.* This is a non-partisan discussion! Class limit: 60

Presenter: Doug Stowell is a consumer and political polling veteran. He launched Market Resource Associates in 2008 and conducts opinion polls on U.S. and global issues. He is a member of the Furman University OLLI in Greenville, SC and conducts more than 80 Zoom programs nationally!

ROE AND RIGHTS

Thursday, October 10
1:45 - 3:15 p.m.
CSULB, HS&D, rm 101

The theme of this event is how rights work, and don't. Roe vs. Wade, synonymous with the right to an abortion, has much to teach us about the origin and vulnerability of rights. It is perhaps the most well-known, the most misunderstood and the most still-relevant overruled case in Supreme Court history. We will explore what Roe actually said and the relationship between the state and federal governments in protecting privacy-based rights. Class limit: 25

Instructor: Patricia Leary, Retired Law Professor

ECUADOR!****Wednesday, October 23
2:00 - 3:30 p.m. Zoom**

When Hitler and the Nazis rose to power in the 1930s, it became evident to Jews across Europe that their civil and religious rights would soon be in serious peril. About 5,000 Jews ended up in Ecuador as their haven in the storm. Many of them thrived and made lives there, even though they could leave once WWII ended. Even American Jews were unaware of this tiny Jewish community and its many contributions to their adopted county. Doris Rubenstein was a Peace Corps Volunteer in Ecuador from 1971–73 and was fascinated to learn about this outpost of Jews. Class limit: 50

3:00 - 4:30 p.m.****Alpert Jewish Community Center**

With a half-million cardiac arrests each year, CPR (cardiopulmonary resuscitation) can help save a life if a person's breathing or heart stops. Why is CPR Important? Keeping the blood flow active – even partially – extends the opportunity for a successful resuscitation once trained medical staff arrive on site.

Bill F. is donating time to teaching others how to save a life using CPR and AED. Bill is an RN and currently teaches EMT and Pharmacology at LBCC. He is an AHA CPR instructor and has taught many classes both for certification and for general knowledge such as this being offered for OLLI. Class limit: 30

Introducing a Musical Masterpiece....

Kathy Price

How does one corral 35-plus people to blend their voices into a variety of musical pieces, match musical pitches and learn how to read notes? Some of our OLLI students have had years of singing experience while in the shower. Our wonderful choral teacher, Kathy Price, is up to that challenge! She has been teaching music in one fashion or another since she was young. God gifted her with a love of music, as well as growing up in a “musical” family.

Kathy was born and raised in the Long Beach area. She acquired her love of music from her family of musicians and encouraged by her “musical” aunt, Fran Harding, who also taught in the Long Beach Unified School District. Kathy was influenced by the teaching method of Zoltan Kodaly, a composer and musicologist. He created the Kodaly method which instructs that everyone is born with musical aptitude that should be developed as early as possible - first at home, then in the school curriculum. Kathy learned the method while studying at CSULB.

She was a music specialist with local private schools in the Long Beach and Orange County areas. She taught choral music, hand bells and music theory, but her focus with children was how to read and feel music, often without instruments. She has carried this forward in her **Beginning Music Theory** class at OLLI. At one time Kathy had a business called “The Sport of Music,” and she feels that choral music is a game, where the “team” of singers play together vocally.

Along with her volunteer work at OLLI, Kathy also sings with both the Meritage Vocal Arts choral group and So Cal Chorale in Orange County. Her past professional vocal work includes two sacred/gospel solo albums, musical theater, multiple ensembles and choirs which perform in various venues such as Disney Concert Hall, Universal Studios and Disneyland. She is a very busy lady!

After she retired from teaching, she realized she wasn't ready to quit and felt blessed that she inherited the **Catch the Spirit Chorus** class at OLLI. Friendships have been made between the “regulars” who have been in the class for many years and the newer students who have recently joined.

Try Something NEW with your Virgin Hands Tai Chi Chuan with Richard Richina

There are numerous health benefits associated with **Tai Chi Chaun**: improved posture and breathing, relaxation, gracefulness, balance, flexibility, coordination, healing, and - most important of all - the beginning of a journey toward the unification of the physical, mental and spiritual sides of being.

The instructor, Richard Richina, grew up in Manteca,

California until thirteen years of age when he left to attend a seminary school in Missouri. After high school, Richard went on to St. Joseph's College in Indiana and, upon graduation, began his career as a social worker in Berkeley, California.

While in Berkeley, he happened to see a group of people practicing Tai Chi in a park. Attracted to the motion and flow of the practice and motivated to increase his coordination, he joined them. Since that day in 1975, he has practiced Tai Chi Chaun on and off for many years, doing a shortened form of Yang Style Tai Chi developed by Master Cheng Man Ching.

Since this is an introductory class, no experience is necessary. One of the form's principles, “virgin hands,” best describes the approach to the class: having a desire for exposure to a new experience. You will find that Tai Chi, a moving meditation, will have a wonderful impact on your health and well-being.
