

Range Elevation Workshops

Range Elevation

Section 12.17 of the Collective Bargaining Agreement states, that to be eligible for Range Elevation, a lecturer faculty member must have no more eligibility for salary increases and have served five years in their current range. Additionally, faculty with six or more years Full Time Adjusted Service (FTAS) in their current range shall be eligible to apply for range elevation.

The CSULB Academic Senate has established a Range Elevation Policy (PS-08-15).

Each College/Department may determine their own procedures for submitting application materials and evaluating lecturer faculty for Range Elevation.

Range Elevation Workshops

- **MONDAY, DECEMBER 16, 3PM -4PM, via ZOOM**
- **MONDAY, JANUARY 27, 12PM – 2:00PM, ONLINE OPEN LAB SESSION**
- **Registration required for Zoom links.**

The December 16 workshop will review the policies and procedures for Range Elevations and provide strategies for effectiveness in the evaluation process. The workshop will additionally provide lecturers with helpful tips in assembling documentation for their review and in articulating instructional effectiveness in their narrative.

The January 27 session will be an open lab with Faculty Affairs team members available to answer any questions regarding the process for completing and submitting Range Elevation packets for review.
