INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Forty-Niner Shops, Inc. dba Beach Shops

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Forty-Niner Shops, Inc. dba Beach Shops (a nonprofit organization), which comprise the statement of financial position as of June 30, 2024, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements present fairly, in all material respects, the financial position of Forty-Niner Shops, Inc. dba Beach Shops as of June 30, 2024, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Forty-Niner Shops, Inc. dba Beach Shops and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Forty-Niner Shops, Inc. dba Beach Shops' ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

INDEPENDENT AUDITOR'S REPORT, CONTINUED

Auditor's Responsibilities for the Audit of the Financial Statements, continued

In performing an audit in accordance with generally accepted auditing standards and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that
 are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
 effectiveness of Forty-Niner Shops, Inc. dba Beach Shops' internal control. Accordingly, no such opinion
 is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that
 raise substantial doubt about Forty-Niner Shops, Inc. dba Beach Shops' ability to continue as a going
 concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Report on Supplemental Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental information included on pages 18 - 36 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 19, 2024, on our consideration of Forty-Niner Shops, Inc. dba Beach Shops' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Forty-Niner Shops, Inc. dba Beach Shops' internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Forty-Niner Shops, Inc. dba Beach Shops' internal control over financial reporting and compliance.

Notes to Financial Statements

Year Ended June 30, 2024

Note 1 - Organization and Summary of Significant Accounting Policies

Nature of Activities

Forty-Niner Shops, Inc. dba Beach Shops (the Organization) is a nonprofit, tax exempt, California State University auxiliary organization located on the campus of California State University, Long Beach (University). The University is one of 23 campuses in the California State University System (System). The Organization arranges for services to students and faculty including food services and bookstore activities.

Financial Statement Presentation

The financial statements of the Organization have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP), which require the Organization to report information regarding its financial position and activities according to the following net asset classifications:

- Net assets without donor restrictions Net assets that are not subject to donor-imposed restrictions and
 may be expended for any purpose in performing the primary objectives of the Organization. These net
 assets may be used at the discretion of the Organization's management and the board of directors.
- Net assets with donor restrictions Net assets subject to stipulations imposed by donors, and grantors.
 Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Organization or by the passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity. The Organization did not have any donor restrictions that were temporary or perpetual in nature for the year ended June 30, 2024.

The Organization reports contributions restricted by donors as increases in net assets without donor restrictions, if the restrictions expire (that is, when a stipulated time restriction ends or purpose restriction is accomplished) in the reporting period in which the revenue is recognized. All other donor-restricted contributions are reported as increases in net assets with donor restrictions, depending on the nature of the restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as net assets released from restrictions.

Accounting for Credit Losses on Accounts Receivable

Effective July 1, 2023, the Organization adopted Accounting Standards Update (ASU) No. 2016-13, *Financial Instruments—Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments.* This update requires the use of a forward-looking expected credit loss model for instruments within its scope, including our accounts receivables, and replaces the previous incurred loss impairment model. The expected credit loss model requires management to estimate current expected credit losses over the lifetime of the assets by considering all reasonable and supportable information, including historical experience, current conditions, and reasonable and supportable forecasts affecting collectability. Management has analyzed the provisions contained in Topic 326 and determined that there is no impact on net assets as of July 1, 2023, due to the adoption of the new policy.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Cash and Cash Equivalents

The Organization considers all highly liquid investments available for current use with an initial maturity of three months or less to be cash equivalents.

Accounts Receivable

Accounts receivable arise in the normal course of operations. It is the policy of management to review the outstanding accounts receivable at year end, as well as the bad debt write-offs experienced in the past, and establish an allowance for doubtful accounts for uncollectible amounts. Management believes that all accounts receivable are fully collectible, therefore, no allowance for doubtful accounts is considered necessary.

Notes to Financial Statements

Year Ended June 30, 2024

Note 1 - Organization and Summary of Significant Accounting Policies, continued

Inventory

Bookstore inventory is valued using the lower of cost or net realizable value by the average unit cost inventory method of accounting. Food inventory is valued using lower of cost or net realizable value, as is determined on a first-in, first-out basis.

Investments

Investments are carried at fair value in the statement of financial position. Unrealized gains and losses are reflected in the change in net assets in the statement of activities.

Property and Equipment

The Organization capitalizes all expenditures for vehicles, equipment and furniture in excess of \$5,000. The Organization capitalizes all expenditures for building and building improvements in excess of \$10,000. Equipment and improvements are recorded at cost or at estimated fair value at date of gift if donated. Expenditures for maintenance and repairs are charged against operations. Depreciation is provided on a straight-line basis over the estimated useful lives of the asset of 5 to 40 years.

Pension Liability

For purposes of measuring the net pension liability related to the pension, and pension expense, information about the fiduciary net assets of the CalPERS plan (Plan) and additions to/deductions from the Plan's fiduciary net assets has been determined on the same basis as they are reported by CalPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Bond Premium

Bond premium is amortized using the effective interest method over the term of the bonds. The amortization is recorded as a reduction of interest expense.

Revenue Recognition

A summary of significant revenue recognition policies are as follows:

Bookstore Sales

Bookstore sales revenues are recognized at the point of sale. Web sales are recorded upon delivery to the customer or upon customer pickup at the store.

Commission Fees

Commission fees revenues are recognized when cash is received or when contracted amounts are earned.

Food Service and Dining Sales

Food service and dining sales revenues are recognized at the point of sale.

Vending Machine Sales

Vending machine sales revenues are recognized when cash is received.

Textbook Rental Revenues

Textbook rental revenues are generally recognized at the beginning of the lease term and properly recognized within the applicable fiscal year.

Advertising

The Organization follows the policy of charging the costs of advertising to expense as incurred.

Notes to Financial Statements

Year Ended June 30, 2024

Note 1 - Organization and Summary of Significant Accounting Policies, continued

Income Taxes

The Organization is a qualified nonprofit organization that is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code and Section 23701(d) of the California Revenue and Taxation Code. However, the Organization remains subject to taxes on any net income which is derived from a trade or business, regularly carried on, and unrelated to its exempt purpose.

The Organization follows U.S. GAAP related to the recognition of uncertain tax positions. The Organization recognizes accrued interest and penalties associated with uncertain tax positions as part of the statement of activities, when applicable. Management has determined that the Organization has no uncertain tax positions at June 30, 2024 and therefore no amounts have been accrued.

Fair Value Measurements

Accounting standards provide the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the same term of the financial instrument.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

As a practical expedient, certain financial instruments may be valued using net asset value (NAV) per share. NAV is the amount of net assets attributable to each share of outstanding capital stock at the end of the period.

The carrying value of cash, receivables, and payables approximates fair value as of June 30, 2024, due to the relative short maturities of these instruments.

Functional Allocation of Expenses

The Organization allocates its expenses on a functional basis among their various programs and support services. Expenses that can be identified with a specific program or support services are allocated directly according to their natural expenditure classification. Salaries and wages, employee benefits, employees' appreciation, professional services, service, training and travel are based on time and effort. Certain costs such as advertising and promotional, bad debts, bank and credit card fees, board, discounts and markdowns, freight out and postage, general expenses, inventory adjustments, Residence Hall commissions, royalties and commissions, subscriptions and dues and supplies are allocated based on estimated usage on general and administrative, bookstore, ID card services and food service. Costs related to space include insurance, interest, rent, repairs and maintenance which include maintenance of information and technology and other, telephone and data lines and utilities are allocated on a square footage basis.

Subsequent Events

The Organization has evaluated subsequent events through September 19, 2024, which is the date the financial statements were available to be issued.

Notes to Financial Statements

Year Ended June 30, 2024

Note 2 - Liquidity and Availability

The Organization's financial assets available within one year of the statement of financial position date for general expenditure are as follows:

Cash and cash equivalents Accounts receivable Accounts receivable - related parties	\$	5,876,893 2,081,065 785,273
Total Financial Assets Available for General Operations		8,743,231
Less amounts not available to be used within one year:		
Restricted by the Board for Beach Deposits		(588,209)
Financial assets available to meet cash needs for	•	
general expenditures within one year	\$	8,155,022

The Organization's financial assets have been reduced by refundable campus debit card deposits of \$588,209 since the amount is not available for general use. The Organization maintains a policy of structuring its financial assets to be available as its general expenditures, liabilities and other obligations come due.

In addition to financial assets available to meet general expenditures over the next 12 months, the Organization operates with a balanced budget and anticipates collecting sufficient revenue to cover general expenditures.

Note 3 - Inventory

Inventories consist of the following at June 30, 2024:

Supplies	\$ 911,437
Textbooks	202,154
Food service	164,296
	\$ 1,277,887

Notes to Financial Statements

Year Ended June 30, 2024

Note 4 - Investments

The fair market value of investments is categorized as follows:

	_	Level 1		Level 2		Level 3	NAV		Total

Note 5 - Property and Equipment

Property and equipment and the related accumulated depreciation consist of the following:

Building	\$	19,209,564
Equipment		5,912,740
Leasehold Improvements		37,664
Automobiles	_	46,735
	_	25,206,703
Less accumulated depreciation		(20,814,266)
	\$	4,392,437

Depreciation expense for the year ended June 30, 2024 was \$621,766.

Note 6 - Long-Term Debt

In 2008, the Organization borrowed \$4,110,000 from the System in connection with the construction of certain food service leasehold improvements. CSU assisted in financing the construction through the issuance of Systemwide Revenue Bonds Series 2008A, by the State of California, in the amount of \$4,110,000.

On April 20, 2016, the System refinanced \$3,415,000 of the Systemwide Revenue Bonds Series 2008A by issuing \$3,125,000 of System wide Revenue Bonds Series 2016A. Interest rates range from 2% to 5% with an average face coupon rate of 4.61% and effective rate of 3.32%. The bonds will mature over the next 23 years with an average maturity of 14.25 years. On May 1, 2016, the loan agreement between the Organization and the System was amended to reflect the refinancing of the bonds. The Organization is obligated to repay the System the amount of the indenture obligations, interest and costs by making payments to the System equal to the System's debt service on the bonds. The debt obligation is secured by the Organization's revenues.

Notes to Financial Statements

Year Ended June 30, 2024

Note 6 - Long-Term Debt, continued

Long-term debt is summarized as follows:

Note payable to the System, payable in semiannual installments, on May 1 and November 1 of each year including interest, maturing May 2039. Unamortized bond premium Less: current portion of long-term debt	\$ _ \$ <u>_</u>	2,530,000 476,971 (115,000) 2,891,971

2027	
2028	
2029	
Thereafter	
	\$

Note 7 - Leasing Arrangements

The Organization leases certain property for the bookstore facility from the University and other unrelated third parties under short term lease agreements. The agreement with the University requires the Organization to manage and operate the facility for the benefit of the University. These leases expire in 2025. Total base monthly rental payments to the University were \$5,686 as of June 30, 2024.

Also, the Organization maintains equipment under non-cancellable operating leases. The lease agreements expire between 2025 and 2026.

Notes to Financial Statements

Year Ended June 30, 2024

Note 7 - Leasing Arrangements, continued

The following summarizes the line items in the statement of functional expense which include the components of lease expense for the year ended June 30, 2024.

Operating leases:

Short term lease expense, included in rent Short term lease expense, included in equipment rental	\$ 59,541 11,272
Total lease expense	\$ 70,813

Rent expense paid to the related parties under the operating leases was \$59,541.

Future minimum rental payments required for equipment and facilities under operating leases that have an initial or remaining non-cancellable lease term in excess of one year, as of June 30, 2024 are as follows:

Year Ending June 30,		
2025 2026	\$	22,200 22,200
	\$_	44,400

Note 8 - Operating Agreements

The Organization has entered into certain non-cancellable operating agreements with selected food service providers for catering, vending and other food services. Royalties are due to the Organization based on a percentage of monthly gross sales of the Operator or a set annual amount, whichever is greater. Also, the Operators will pay a percent of monthly gross sales for common area maintenance charges. Initial terms of the leases vary from one to five years and have varying expiration dates. The Organization has also entered into an agreement that contains guaranteed minimum commission payments. Commissions are due to the Organization based on a percentage of qualifying revenues.

The estimated guaranteed annual payments are as follows:

Year Ending June 30,	
2025	\$ 157,430
2026	160,007
2027	154,837
2028	7,551
	\$ 479,825

Notes to Financial Statements

Year Ended June 30, 2024

Note 9 - Pension Plan (CalPERS)

The Organization participates in a cost-sharing multiple-employer defined benefit plan through the California Public Employees' Retirement System plan (CalPERS) which covers substantially all regular salaried full-time employees of the Organization. CalPERS acts as a common investment and administrative agent for participating public entities within the State of California. The Organization's CalPERS Employer Identification Number is 4917586175.

CalPERS issues a publicly available comprehensive annual financial report that includes financial statements and required supplementary information. Copies of the CalPERS annual financial report may be obtained from the California Public Employees' Retirement System Executive Office- 400 P Street - Sacramento, CA 95814.

The recorded unfunded pension liabilities at June 30, 2024 were derived from the most recent Accounting Valuation Reports provided by CalPERS. The measurement date for the report was June 30, 2023. Actuarial information as of June 30, 2024 is currently unavailable.

As of the measurement date, the plan was 80% funded. The plan's proportionate share of the fiduciary's unfunded accumulated net pension liability as of the measurement date was \$6,107,625.

Actuarial Assumptions – The total pension liability in the June 30, 2024 actuarial valuations were determined using the following actuarial assumptions:

Valuation Date June 30, 2023 Measurement Date June 30, 2024

Actuarial Cost Method Entry Age Normal Cost Method

Actuarial Assumptions:

Discount Rate 6.80% Inflation Rate 2.30%

Salary Increases Varies by entry age and service

Investment Rate of Return 4.50%, net of pension plan investment expenses, including inflation

Mortality Rate Table Derived using CalPERS Membership Data for all Funds

Post-Retirement Benefit Increase Contract COLA up to 2.00% until Purchasing Power Protection

Allowance floor on purchasing power applies, 2.00% thereafter

Contributions – Section 20814(c) of the California Public Employees' Retirement Law requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. Funding contributions are determined annually on an actuarial basis as of June 30 by CalPERS. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The Organization is required to contribute the difference between the actuarially determined rate and the contribution rate of employees. For the measurement period ended June 30, 2024 (the measurement date), the active employee contribution rate is 7.00% of annual pay for Tier 1 and Tier 2 and 7.75% of annual pay for PEPRA, and the average employer's contribution rate is 12.58% of annual payroll. Employer contributions rates may change if plan contracts are amended. It is the responsibility of the employer to make necessary accounting adjustments to reflect the impact due to any Employer Paid Member Contributions or situations where members are paying a portion of the employer contribution.

For the year ended June 30, 2024, the employer and employee contributions were \$372,582 and \$270,935, respectively.

Notes to Financial Statements

Year Ended June 30, 2024

Note 9 - Pension Plan (CalPERS), continued

The following benefit payments, which reflect expected future service, are expected to be paid as follows:

Year Ending

Pension obligation	\$	5,796,767	\$_	310,858 \$	6,107,625

Note 10 - Retirement Plan 403(b)

Effective July 2009, the Organization adopted an Internal Revenue Code 403(b) tax deferred retirement plan for all eligible employees. The plan is a defined contribution plan covering part-time and full-time employees except for student employees performing specified services, nonresident aliens, and employees who normally work less than 20 hours per week. Each year, participants may contribute an amount or percentage of their base pay by means of payroll deductions up to the elective deferral limit set by law.

The plan provides for an employer matching contribution and an employer non-elective contribution for all employees that have obtained one year of service equivalent to one thousand hours. The Organization may contribute a discretionary percentage up to six percent of the amount of the employees' elective deferral. This contribution is allocated to all participants in proportion to each eligible employee's compensation. The employer contributions amounted to \$53,808 for the year ended June 30, 2024.

Note 11 - Post-Retirement Medical Benefits

The Organization provides post-retirement health care and dental insurance benefits for certain qualified retired employees. Only full-time salaried employees hired prior to January 1, 2009, that were participating in CalPERS as of January 1, 2009, that terminate employment after attaining five years of service time and have reached age 50 while working for the Organization, are eligible for the plan.

As of June 30, 2024, the number of eligible retired employees participating in the plan is 44. Currently, there are 16 active employees that could be eligible to participate in the plan in the future.

On September 30, 2011, the board of directors approved participation in the Auxiliary Multiple Employer VEBA, a consortium of CSU Auxiliary organizations organized to provide retiree health care benefits through a Voluntary Employees Benefit Organization (VEBA Trust) recognized under 501(c)(9). During the year ending June 30, 2024, no contributions were made to the account. Since 2001, the total amount invested in the VEBA Trust was \$4,000,000 and the total amount withdrawn from the VEBA Trust was \$800,000. The assets of the VEBA Trust are invested primarily in equity and fixed income securities. The assets held in the VEBA Trust reduce the accumulated post-retirement obligation, as reported in the statement of financial position. As of June 30, 2024, the VEBA Trust held assets at fair market value of \$6,241,991.

Notes to Financial Statements

Year Ended June 30, 2024

Note 11 - Post-Retirement Medical Benefits, continued

As of June 30, 2024, the accumulated post-retirement benefit obligation amount has been accrued in the statement of financial position.

The following table sets forth the funded status of the plan reconciled to the recorded post-retirement benefits cost recognized in the Organization's financial statements:

Accumulated Post-Retirement Benefit Obligation Retirees Active employees	\$	2,969,974 1,099,710 4,069,684
Fair Value of Assets	-	6,241,991
Overfunded Accumulated Benefit Obligation Unamortized transition obligation	\$	(2,172,307)
Net Periodic Post-Retirement Benefit Cost		
Service cost Interest cost	\$	194,766 142,439
Net Periodic Benefit Cost	\$	337,205

The weighted average discount rate used in determining the accumulated post-retirement benefit obligation is 3%. The Consumer Price Index assumed is 3% less than the discount rate assumption. Medical costs are assumed to increase 3% during the year beginning July 1, 2022, with the rate of increase decreasing each year thereafter until the year beginning July 1, 2027, and thereafter the Medical Cost trend rate is assumed to be the same as Consumer Price Index increases.

The Organization's policy is to have an actuarial study of the plan performed every 3 years. The Organization had a study performed in January 2022. The next study is expected to be performed for the fiscal year ending June 30, 2025. The Organization performs its own estimates and assumptions in interim years, also taking into consideration past actuarial assumptions.

As of June 30, 2024, the Organization's post-retirement medical benefit obligation is overfunded by \$2,172,307. A corridor is not used to amortize any actuarial gains and losses.

Note 12 - Net Assets

Included in the Organization's net asset without donor restrictions are amounts invested in property and equipment and Board designated reserve funds. Reserve funds are accounts that have been created by the Board of Directors for specific purposes.

Notes to Financial Statements

Year Ended June 30, 2024

Note 12 - Net Assets, continued

Net assets without donor restrictions at June 30, 2024, are comprised of the following:

Invested in Property and Equipment	\$ _	1,385,466
Board Designated:		
CalPERS Unfunded Liability		6,107,624
SRB Funding Outpost		3,006,971
Beach Investment Group		731,480
Beach Deposits		588,209
	•	10,434,284
Undesignated Net Assets		4,117,773
	\$	15,937,523

Note 13 - Transactions with Affiliates

The Organization enters into transactions with the University. During the year ended June 30, 2024, the Organization paid the University for salaries, utilities, information technology management, debt service and reimbursements for other operating expenses. The Organization charges the University for reimbursement of expenses to operate the ID Card Services. The University earns a commission of 6% from the Organization to oversee residential dining. From time to time, the University makes purchases from the Organization's bookstore.

Payments made (received) were as follows:

•		
Payments made to the University	\$	2,207,979
Gifts-in-kind to the University		68,010
Payments received from the University	_	(4,019,170)
Net payments received from the University	\$_	(1,743,181)
Amounts receivable (payable) are as follows:		
University:		
Accounts receivable	\$	785,273
Accounts payable and accrued expenses	\$	(228,817)

Note 14 - Concentrations, Risks and Uncertainties

Credit Risks

The Organization maintains bank and investment accounts which may, at times, exceed depository insurance limits and therefore expose the Organization to credit risk. The Organization maintains its cash in bank deposit accounts that are insured by the Federal Deposit Insurance Corporation (FDIC) up to a limit of \$250,000 per depositor. Investments held by other institutions are insured up to \$500,000 by the Securities Investor Protection Corporation (SIPC). The Organization monitors these balances regularly and evaluates the risk due to balances in excess of insurance limits.

Market and Interest Rate Risks

Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk exposure associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net position.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Audit Committee Forty-Niner Shops, Inc. dba Beach Shops

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Forty-Niner Shops, Inc. dba Beach Shops (a nonprofit organization), which comprise the statement of financial position as of June 30, 2024, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated September 19, 2024.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Forty-Niner Shops, Inc. dba Beach Shops' internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Forty-Niner Shops, Inc. dba Beach Shops' internal control. Accordingly, we do not express an opinion on the effectiveness of Forty-Niner Shops, Inc. dba Beach Shops' internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Forty-Niner Shops, Inc. dba Beach Shops' financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS, CONTINUED

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
