INTRODUCTION TO THE OURS NEWSLETTER

WELCOME TO THE **SPRING 2024** NEWSLETTER!

WHAT IS OURS:

The Office of Undergraduate Research Services (OURS), established in 2016, is charged with expanding undergraduate research opportunities to the California State University, Long Beach student body. OURS works in collaboration with staff and faculty in all CSULB Colleges, Divisions, and units to cultivate strong relationships in support of undergraduate research.

OURS OFFICE:

Please stop by our office in SSSC-120 to ask us any questions related to undergraduate research, meeting with a peer advisor, or regarding upcoming undergraduate research workshops.

Office of Undergraduate Research Services
Shakarian Student Success Center Suite 120

CONTACT INFORMATION

Phone: (562) 985-7754

California State University, Long Beach
Shakarian Student Success Center,
Suite 120

END OF THE SPRING 2024 SEMESTER

We would like to commend all students, staff, and faculty for the work you do as part of the various undergraduate research programs this academic year. Congratulations and good luck in your future endeavors to the CSULB Class of 2024. For our new and continuing students, we look forward to working with you all this upcoming year as we return to campus for the spring semester.

Elyzza Aparicio, Ph.D.
OURS Director

A SPECIAL THANK YOU TO
DR. SIMON KIM!

Thank you to Dr. Simon Kim, Associate Vice President of Research and Economic Development, for his tremendous leadership over the past 10 years.

Happy Retirement, Simon!

OURS CONNECTS

WHAT IS OURS CONNECTS:

[OURS Connects](#) is an undergraduate research experience open to CSULB students of all colleges and disciplines. The semi-structured research program pairs undergraduate students with faculty research mentors so that students may contribute to the advancement of faculty research, scholarly, and creative activities (RSCA). Students will also be paired with a seasoned Peer Advisor who will guide them through the project search process and the overall research experience.

GRADUATES

FALL '23

- KEVIN TRAN
- TAYLOR DAVIES

SPRING '24

- JJ MUELLER-DOMBOIS
- ANNA FEJES

SUMMER '24

- BONNIE GUZMAN
- EMILY (EM) DOFFING

ON TO GRADUATE SCHOOL!

- **JJ MUELLER-DOMBOIS**
Ph.D. in Applied Social Psychology
Claremont Graduate University
- **ANNA FEJES**
Master of Art in Psychological Research
California State University, Long Beach
- **DESTINY GILLILAND**
Ph.D. in Behavioral Health
Pennsylvania State University

PSYCH DAY PRESENTATIONS

- **KAILYN THAI** - "Does wrist orientation affect haptic driving warnings?"
- **KEVIN TRAN** - "Comorbidity is a pain in my head: IBS predicts migraines in females with Fibromyalgia"
- **JJ MUELLER-DOMBOIS** - "Clash in Cosmic Riptides: Portrayals of Culture Shifts in Doctor Who"
- **MANAL BENJELLOUN, CHLOE GORDON** - "Villainizing Disability: Exploring Ableism in Comic Book Narratives and Its Impact on Representation"
- **LUJAIN ALMAHDI** - "Female representation within western and eastern pop culture media"
- **CALVIN CHIU** - "Deficits in phonological encoding refine visuospatial memory in native sign speakers"
- **RAELYNN CHAVEZ** - "Associations Between Therapist Characteristics and Parent Participatory Engagement Within Early Intervention Services for Autism"

BUILDING INFRASTRUCTURE LEADING TO DIVERSITY (BUILD)

WHAT IS **BUILD**

The [CSULB BUILD Program](#) offers intensive, hands-on research and training opportunities for undergraduate students designed to prepare them to excel in doctoral programs, as well as health-related research careers. It is one of 10 programs in the United States funded by the National Institutes of Health (NIH) BUILD Initiative.

GRADUATING SENIORS - SPRING 2024

Name	Division	Major
Maeve Allen	Year 2 Scholar	Psychology
Nicholas Banuelos	Year 2 Scholar	Environmental Science, Minor: Biology
Carlin Bruce	Year 1 Scholar	Psychology
Jadon Buller	Fellow	Biomedical Engineering
Brooke Diaz	Fellow	Child Development and Family Studies
Katrina Jensen	Year 2 Scholar	Biochemistry
Anais Johnson	Year 2 Scholar	Biochemistry
Jack Karapetian	Year 2 Scholar	Aerospace Engineering
Victoria Min	Year 2 Scholar	Health Science, emphasis on Community Health Education
Bryan Navarrete	Fellow	Molecular Biology & Physiology
Tess Nguyen	Year 2 Scholar	Psychology
Jeremiah Sabale	Year 2 Scholar	Psychology
Angelica Sanchez-Gomez	Fellow	Sociology
Alina Tran	Year 2 Scholar	Psychology
Gabrielle (Naomi) Ventura	Fellow	Kinesiology: Exercise Science
Sean Yonemori	Fellow	Kinesiology Exercise Science

BUILDING INFRASTRUCTURE LEADING TO DIVERSITY (BUILD)

AWARDS/HONORS

DEPARTMENT/UNIVERSITY AWARDS

- **Maeve Allen** (Year 2 Scholar)
 - 2023-2024 Lucio Morales Research Award – awarded by the Department of Psychology
 - 2023-2024 Outstanding Senior in Psychology Award – one of the top 5% of students in the Psychology Department in terms of academics, scholarship, and services
- **Brooke Diaz** (Fellow) - Academic Excellence Award – acknowledged by the department of Family and Consumer Sciences at CSULB for outstanding academic achievements, leadership, and contributions to the field.
- **Emily Marquez** (Scholar alum, 2020-2022) - 2024 Outstanding Graduate Student in Research, Scholarly, and Creative Activities Award
- **Tess Nguyen** (Year 2 Scholar) - 2023-2024 Outstanding Senior in Psychology Award – one of the top 5% of students in the Psychology Department in terms of academics, scholarship, and services
- **Angelica Sanchez-Gomez** (Fellow)
 - Sociology Department Student Leadership Award 2024
 - Sociology Department Academic Achievement Award 2024
- **Alina Tran** (Year 2 Scholar) - 2023-2024 Outstanding Senior in Psychology Award – one of the top 5% of students in the Psychology Department in terms of academics, scholarship, and services

FELLOWSHIPS/SCHOLARSHIPS

GEM Fellowship

Congratulations to **Nicholas Banuelos** for being awarded the [2024 GEM Fellowship](#). This award offers MS and PhD level students an opportunity to gain practical engineering summer work experiences through an employer sponsor and a portable academic year fellowship of tuition, fees, and stipend.

NSF Graduate Research Fellowship Program (GRFP)

Congratulations to **Gabriela Peña Carmona**, BUILD alum (Scholars program, 2021-2023), for being awarded the highly coveted [NSF GRFP Award 2024](#). Gabriela is currently pursuing her PhD in the UCSF-Berkeley Joint Bioengineering Ph.D. program and was mentored by Dr. Perla Ayala in the Biomedical Engineering Department, COE

BUILDING INFRASTRUCTURE LEADING TO DIVERSITY (BUILD)

AWARDS/HONORS

CONFERENCE/PRESENTATION AWARDS

Western Psychological Association (WPA) Christina Maslach-Philip Zimbardo Research Award in Social Psychology

Congratulations to **Sofia Uribe**, junior NIH BUILD Scholar majoring in Psychology, who received the prestigious **2024 WPA Christina Maslach-Philip Zimbardo Research Award in Social Psychology** for her abstract titled “Don’t Prime Me, I’m Driving: Prime Type Moderates the Relationship Between Impulsivity and Driving in the Opposite Lane” for poster presentation. Sofia’s faculty research mentor is Dr. Bill Pedersen in the Department of Psychology, CLA.

- Sofia is one of two award recipients among over 1167 submissions
- Her abstract was ranked in the top 1.97% of abstracts submitted to WPA
- She will be presented with a certificate and a check for \$500 at the WPA Awards Ceremony

The [Western Psychological Association \(WPA\) Convention](#) took place on April 24-28, 2024, in San Francisco, CA.

CONFERENCES/PRESENTATIONS

CSULB Student Research Competition 2023			
Student Name	Place	Division	Title
Anais Johnson	1st	Physical and Mathematical Sciences	“Synthesis of Hydroxy-terminated Alkanethiolatecapped Pd nanoclusters for green catalysts in environmentally benign organic solvents”
Victoria Min	2nd	Health, Nutrition, and Clinical Sciences	“Motivators of Caffeine Use in College Students”

BUILD/U-RISE APPLICATION WILL OPEN FALL 2024!

Interested in learning more about the Building Infrastructure Leading to Diversity (BUILD) Program?

Enter your name on our [Interest Form](#) and we will contact you for upcoming info sessions, workshops, and when our application is open! Learn more about the program here: [CSULB Building Infrastructure Leading to Diversity \(BUILD\) Program](#).

Our application will open in Fall 2024 (for Summer 2025 start). If you have any questions, we are here to help! Contact us at: build@csulb.edu. Follow us on social media @csulbbuild for updates and to follow along the BUILD Scholars' and Fellows' journeys!

MELLON MAYS

UNDERGRADUATE FELLOWSHIP (MMUF)

WHAT IS **MMUF**

The [Mellon Mays Undergraduate Fellowship program \(MMUF\)](#) is the centerpiece of The Andrew W. Mellon Foundation's initiatives to increase diversity in the faculty ranks of institutions of higher learning. Established in 1988 by William G. Bowen, then the president of the Foundation, and Mellon program associate Henry Drewry, the MMUF program began with an initial cohort of eight member institutions.

GRADUATING SENIORS - SPRING 2024

- **Meagan** is graduating with her B.A. in Classics with a minor in Anthropology. She accepted admission to the Post- Baccalaureate Certificate Program, with an emphasis in Classics (Greek and Latin) at UCLA for Fall 2024.
- **Victor** graduated in Fall 2023 with his B.A. in English Literature with a minor in History. Victor is now with Teach for America working with high school students.
- **Miriam** is graduating with a B.A. Music Education and Vocal Performance. She was accepted to the University of Michigan and UCLA for the Ethnomusicology Ph.D. program.
- **Mariana** is graduating with a B.A. in Human Development and Chicano Latino Studies. They were accepted into CSU Fullerton for the M.A. in American Studies program, CSU San Diego for the Women Studies Ph. D program, and UCLA for the Gender Studies Ph.D. program.

NIH RESEARCH INITIATIVE FOR SCIENTIFIC ENHANCEMENT (RISE)

WHAT IS RISE

[The Research Initiative for Scientific Enhancement \(RISE\) program](#) is designed to support motivated students interested in developing careers as professional research scientists in biomedical and behavioral science fields. Its goal is to increase the interest, skills, and competitiveness of students pursuing biomedical or behavioral research careers. The program supports the research and career development of undergraduate students starting in their sophomore year.

CONFERENCE PARTICIPATION

Tayahna Agtarap

Tayahna Agtarap (RISE) presented at the 2024 NCUR conference in Long Beach. Her research poster titled "Understanding the relationship between pollen to ovule ratios and pollination methods in Justicia (Acanthaceae)" was completed with faculty mentor, Dr. Amanda Fisher, in the CNSM Department of Biological Sciences.

Thomas Carrillo w/ faculty Dr. Ramirez

Thomas Carrillo (RISE) presented a poster titled "Characterizing the Role of Annexin A2 in HIV-1 Nef Activity" at the 36th Annual CSU Biotechnology Symposium in Santa Clara, CA. This work was completed with faculty mentor, Dr. Peter Ramirez, in the CNSM Department of Biological Sciences.

NIH T34 UNDERGRADUATE RESEARCH INITIATIVE FOR SCIENTIFIC ENHANCEMENT (U-RISE)

WHAT IS U-RISE

The [Undergraduate RISE Program](#) is funded through a grant from the National Institute of General Medical Sciences (NIGMS) of the National Institutes of Health (NIH). The program aims to increase diversity in future scientific and biomedical research by identifying students interested in pursuing research as a career and by providing training opportunities to be competitive for entering graduate programs. This training includes mentored research, an off-campus summer research experience (8-12 weeks), professional development workshops, graduate school preparation, and conference support.

CONFERENCE PARTICIPATION

- **Priscilla Ceja** (U-RISE) did an oral presentation at the 2024 NCUR conference in Long Beach. Her work titled “Role of a Newly Identified Gene in the Lanthanide Response in Methane-Consuming Bacteria” was completed with faculty mentor, Dr. Joseph Groom, in the CNSM Department of Biological Sciences.
- **Aden Gomez** (U-RISE) presented a poster titled “Enzymatic Synthesis of Naphthol-Based Unnatural Amino Acids using Tyrosine Phenol Lyase” at the American Society for Biochemistry and Molecular Biology (ASBMB) conference in San Antonio, TX. He is conducting research with his mentor, Dr. Jason Schwans, in the CNSM Department of Chemistry and Biochemistry.
- **Brooke Morales** (U-RISE) presented a poster titled “Competitive Hydroalkylation in Organo-Initiated Photo-Hydroacylation Reaction” at the American Chemical Society (ACS) Spring Meeting in New Orleans, LA. This work was completed with faculty mentor, Dr. Paul Buonora, in the CNSM Department of Chemistry and Biochemistry.
- **Gabriel Tan** (U-RISE) presented a poster titled “Sodium Salicylate Differentially Regulates the Unfolded Protein Response in a Colorectal Cancer Cell Line” at the 36th Annual CSU Biotechnology Symposium in Santa Clara, CA. This work was completed with faculty mentor, Dr. Deepali Bhandari, in the CNSM Department of Chemistry and Biochemistry.

NSF LOUIS STOKES ALLIANCE FOR MINORITY PARTICIPATION (LSAMP)

WHAT IS LSAMP

The [Louis Stokes Alliance for Minority Participation \(LSAMP\)](#) program at California State University Long Beach is part of the statewide effort to enhance the math and science skills of students who have faced or face social, educational, or economic barriers, and are majoring in science, technology, engineering, or mathematics (STEM). For more information on eligibility, applying, or the LSAMP experience, visit the LSAMP website.

CONFERENCE PARTICIPATION

Valeria Garcia

Valeria Garcia (LSAMP) presented her work titled “Developing a 3D Collagen Model of Cardiac Fibrosis” was completed with faculty mentor, Dr. Perla Ayala, in the COE Department of Biomedical Engineering.

Lindsay Park

Lindsay Park (LSAMP) presented a poster titled “Impact of Sediment-Amendment and Plant Restoration on Microbial Soil Communities in a Southern California Salt Marsh”. This research was completed with her faculty mentor, Dr. Jesse Dillon, in the CNSM Department of Biological Sciences.

RISE, U-RISE, LSAMP

COMPETITIONS

The LSAMP, RISE, and U-RISE students participated in an infographics competition on March 29, 2024. Students submitted infographics spanning lab protocols and safety, to outreach posters, graphical abstracts, and journal cover art. 3 students wowed CNSM faculty and Development Office judges with their creativity. Congratulations to Zyrille Abela (RISE), Alexander Garcia (RISE), and Kien Pham (U-RISE).

Alexander Garcia, Zyrille Abela, Kien Pham

UNIVERSITY HONORS PROGRAM (UHP)

WHAT IS UHP

The [University Honors Program](#) at California State University, Long Beach is committed to providing an academically enriched, community-minded, and culturally diverse environment for a diversely talented, premier group of highly qualified students. This program cultivates inclusive excellence, designed to offer students the best of a thriving liberal arts college experience alongside the opportunities afforded by a comprehensive university setting.

2024 HONORS SYMPOSIUM

Kaitlyn	Yu	Psychology, B.A.	Culturally Responsive Education in Wellness (CREW) for Asian American Students	Dr. May Lin
Francesca	Namala	Psychology, B.A.	College Student Perceptions of Sexual Consent	Dr. Courtney Ahrens
Onica	Chrea	Psychology, B.A.; Cambodian Language & Culture Minor	Cognitive Function in Early Adulthood Among Ethnically Diverse Groups	Dr. Sophea Seng
Kalea	Ono	Kinesiology, Exercise Science, B.S.	Exploring the Perceptions of Resistance Training in Dance: Implications for Dancer Performance and Well-being	Dr. Kimberly Walters
Julie	Ouk	Business Administration, B.S. Accountancy Option	Enron's Unethical Practices and its Impact on Actual and Potential Stakeholders	Dr. Terrence Giannone
An	Dinh	Business Administration, B.S. Marketing & Management Options	The Dynamics of Cancel Culture: Factors Shaping Its Evolution on Instagram, TikTok, and Twitter	Dr. Kierstin Stickney
Alyanna	Ahorro	Business Administration, B.S. Management Option	The Effects of the Covid-19 Pandemic on Minority-Owned Small Businesses	Dr. Celeste Ahl
Andrew	Rendon	Business Administration, B.S. Accountancy Option	The Impact of the Tax Cuts and Jobs Act of 2017 Amongst Companies in the Dow Jones	Dr. Alice Rivera
Abraham	Gutierrez	Aerospace Engineering, B.S.	Development of a Dust Cloud Combustion Experiment	Dr. Joseph Kalman
Wyatt	Gagnon	Aerospace Engineering, B.S.	Mechanical Properties of 3D Printed Structures Using PLA-Based Filaments	Dr. Mortaza Saeidi
Derek	Madrid	Mechanical Engineering, B.S.	Preliminary Design of a Small-Scale Supersonic Wind Tunnel	Dr. Joseph Kalman
Jack	Karapetian	Aerospace Engineering, B.S.	Porosity Measurements on Quenched Solid Ramjet Fuels	Dr. Joseph Kalman

36TH ANNUAL STUDENT RESEARCH COMPETITION (SRC)

ABOUT SRC

The purpose of the 36th Annual Student Research Competition (SRC) is to showcase excellence in scholarly research, and highlight creative activity conducted by CSULB undergraduate and graduate students. The Student Research Competition will feature oral presentations to an audience of fellow students, university community members, and a jury of distinguished faculty. The 2024 SRC was held on Friday, March 8 at the College of Business (COB).

CSULB COMPETITION: 1ST PLACE WINNERS

- **Angel Marin-Flores** – Behavioral and Social Sciences
- **Bryan Kang** – Biological and Agricultural Sciences
- **Wynn Barnard** – Creative Arts and Design
- **Claudine Maloles** – Education
- **Jalen Leyretana and Alex Alonzo** – Engineering and Computer Sciences
- **Ruby Barragan** – Health, Nutrition, and Clinical Sciences
- **Travis Barnett** – Humanities and Letters
- **Anais Johnson** – Physical and Mathematical Sciences

Angel Marin-Flores & Family,
Dr. Elyzza Aparicio, Dr. Simon Kim

Bryan Kang

Dr. Ga-Young Kelly, Alex Alonzo,
Jalen Leyretana

Ruby Barragan

Dr. Elyzza Aparicio, Anais Johnson,
Dr. Simon Kim

36TH ANNUAL STUDENT RESEARCH COMPETITION (SRC)

SYSTEMWIDE COMPETITION @ SAN LUIS OBISPO: WINNERS

- 1st Place Winner: Ruby Barragan - Health, Nutrition, and Clinical Sciences
- 2nd Place Winner: Raya Torres - Humanities and Letters

Ruby Barragan

Raya Torres

NATIONAL CONFERENCE ON UNDERGRADUATE RESEARCH (NCUR)

ABOUT NCUR

The [National Conference on Undergraduate Research \(NCUR\)](#) is dedicated to promoting undergraduate research, scholarship and creative activity in all fields of study by sponsoring an annual conference for students. Unlike meetings of academic professional organizations, this gathering of student scholars welcomes presenters from all institutions of higher learning and from all disciplines. Overall, this conference offers a unique environment for the celebration and promotion of undergraduate student achievement; provides models of exemplary research, scholarship, and creative activity; and offers student career readiness development.

NCUR 2024: LONG BEACH CONVENTION CENTER

SOUTHERN CALIFORNIA CONFERENCES FOR UNDERGRADUATE RESEARCH (SCCUR)

ABOUT SCCUR

[Southern California Conferences for Undergraduate Research \(SCCUR\)](#) is an organization of Southern California faculty, administrators, and interested members of the community who share the common goal of improving education for college and university students through hands-on experiences of undergraduate research, scholarship, and creative activity. SCCUR supports inquiry-based education, in which students learn while doing, working closely with faculty mentors on significant academic projects and presenting their results to audiences in a professional manner.

SCCUR 2024

- Day/Time: Friday, November 1, 2024
- Location: California State University, San Bernardino

ABSTRACT DEADLINES

- Call for Abstracts Submissions: June 30th, 2024
- Abstract Submission Deadline: September 22nd, 2024

WHEN TO REGISTER

- On-Line Registration Opens: September 30th, 2024
- On-Line Registration Closes (PRESENTERS): November 10th, 2024
- On-Line Registration Closes (GENERAL ATTENDEES): November 23rd, 2024
- On-Line Registration Cost: \$85.00 (Presenters and General Attendees)
- Day-of-Conference Registration on Site: \$95.00

UNDERGRADUATE RESEARCH ASSOCIATION (URA)

ABOUT URA

URA is an organization open to all CSULB students and is dedicated to providing undergraduate students who are interested in research with a community to connect with, learn from, and network with. The URA hosts several workshops and host guest speakers throughout the academic year.

URA Executive Officers at the First General Meeting

STUDENT HIGHLIGHT: **BRYAN KANG**

Bryan Kang

Bryan Kang at the CSULB SRC

SUMMER RESEARCH

"For my summer research experience/internship, this January-March I had applied to biomedical and medical focused summer Research Experiencing for Undergraduates (REU). While not a part of BUILD or U-RISE, upper division research programs that have their scholars apply to these REUs, I elected to pursue this path to further explore the amalgamation of a career in research and medicine (as a research-scientist). While I am still waiting to hear back from several programs before making my final decision, it is most likely I attend the University of Alabama at Birmingham's Kidney, Urology, and non-Malignant Hematology Research Experience (UAB KURE). In the UAB KURE, I am allowed a research-focused experience for 12 weeks (8 weeks on-campus) that allows for me to perform basic or clinical research in a field that captivates my curiosity. Along with the mentorship during my research project, networking, didactic session, transplant and clinical observations, an oral presentation of my research at the KURE symposium, as well as at the KUH NIH conference are other benefits that will facilitate the development of my career. Lastly, I would like to thank the support of my principal investigator, Dr. Paul Weers. With pursuing a summer REU comes my absence in his lab, despite this Dr. Weers still heavily encouraged my application towards these programs."

Bryan Kang at the Systemwide SRC

STUDENT HIGHLIGHT: ONORA HATCHETTE

Left: Dr. Scott-Hayward
Right: Onora Hatchette

ABOUT ONORA

Onora Hatchette is a graduating senior with a major in Criminology, Criminal Justice & Emergency Management and a minor in Forensic Studies. Throughout the academic year, Onora worked with Dr. Christine Scott-Hayward, Director and Professor of the School of Criminology, Criminal Justice, and Emergency Management.

REFLECTION ON RESEARCH

“During the Fall 2023 Semester, I along with 3 other undergraduate students worked with Dr. Christine Scott-Hayward and attended court hearings for scheduled arraignments in the Clara Shortridge Foltz Criminal Justice Center in Los Angeles, and Santa Ana Jail. We collected and reported qualitative observations using systematic court observations of court proceedings regarding bail decision. This past February, Dr. Scott-Hayward and I presented our findings in this year’s Western Society of Criminology Conference. This was such an amazing opportunity to be a part of. My interest and desire to contribute to research has grown and flourished.”

STUDENT HIGHLIGHT: RAYA TORRES

Raya Torres

Major: Journalism

Minor: Psychology

Faculty: Jesús Ayala, Dept. of Journalism & Public Relations

RAYA'S REFLECTION ON RESEARCH

"I never expected to develop passion and appreciation for research during my undergraduate career here at CSULB. Having completed, presented and competed with two successful research projects, I feel deeply humbled and gratified. Especially since I shared my projects in various conferences and competitions, while proudly representing the university, I certainly feel very equipped to hone into my research skills throughout the next stage of my life. I am especially grateful for UROP for sending me to the CSU Student Research Competition for the last two years, and I am proud to have brought an award home this year! I look forward to eventually pursuing a master's degree and publish several studies along the way. As I embark onto my next chapter, which entails working as a professional journalist, I believe that research has empowered me to stay curious, gritty and perseverant when searching and reporting on the truth."

CONFERENCE PARTICIPATION

- **Research #1: Reporting from Uvalde: A Survey of Long-Term Stress Responses to Covering a Mass Shooting**
 - CSU Student Research Competition 2024 at Cal Poly SLO
 - Won 2nd overall in Humanities and Letters Undergraduate Division
 - CSULB Student Research Competition 2024
 - Won 2nd in Humanities and Letters Division (1st place among undergraduate students)
 - CSULB University Honors Program Research Symposium, Spring 2024
 - Southwestern Anthropological Association Annual Conference 2024 at Garden Grove, CA
 - Was invited to present at this conference
- **Research #2: The Importance of Radio Journalism During and After the Japanese Attack on Pearl Harbor**
 - CSU Student Research Competition 2023 at San Diego State
 - Finalist for Humanities and Letters Undergraduate Division
 - CSULB Student Research Competition 2023
 - Won 1st overall in Humanities and Letters Division

Raya Torres at CSULB SRC

Raya Torres at the Systemwide SRC

STUDENT HIGHLIGHT: TYLER MORRIS

Tyler Morris

ABOUT TYLER

Tyler Morris is a fourth-year student in Psychology, taking pre-med courses in conjunction with his psychology coursework. Tyler has been working with Dr. Sarah-Jeanna Salvy at the Cedars Sinai Medical Center.

PARTICIPATION IN U-GROW

"U-GROW has been an influential program that has given me the experience and resources I need to further my path in undergrad and beyond. Working with Dr. Salvy and her team at Cedars Sinai Medical Center was my first introduction to psychological research, and they could not have been better mentors. Getting hands on research experience as well as one on one advising and support from the U-GROW team has allowed me to feel confident in my abilities, as well as seek out further opportunities that will aid me in my career path."

STUDENT HIGHLIGHT: VICTORIA MIN

Victoria Min

Major: Health Science: Community Health Education & School Health Education
Faculty: Dr. Kimberly Kelly, Human Development & Dr. Virginia Gray, Department of Family and Consumer Sciences

CONFERENCE PARTICIPATION

- 2021
 - UROP Symposium
 - Data Fellows Symposium
- 2022
 - UROP Symposium
 - BUILD Symposium
- 2023
 - 35th CSULB Student Research Competition
 - Week of RSCA
 - Southern CA Public Health Association Conference
 - CSULB Honors Symposium
- 2024
 - 36th CSULB Student Research Competition
 - Week of RSCA
 - Western Regional Honors Conference
 - National Conference of Undergraduate Research

VICTORIA'S REFLECTION ON RESEARCH

"I was fortunate to be granted the opportunity to join the Undergraduate Research Opportunity Program in my first year at CSULB. One project led to one year of research, and more and more doors opened up during the following years. Guest speakers and chances to be a panelist at informational sessions led me to my current position as a Year 2 BUILD Scholar and the support needed to conduct my own research and present it at conferences. I navigated both research and regular classwork by treating them equally. I dedicated a certain amount of time per week (which changed depending on the time of the semester) and then committed to completing the tasks needed to deliver on my responsibilities. I prioritized deadlines and group work first, and always kept my Google Calendar updated. I try to work on bigger projects in little parts, too, to make it more feasible to complete. Because of all of the undergraduate experience I gained over the past few years, I feel very confident in preparation of my pursuit of my Master's degree of Public Health at CSULB."

STUDENT HIGHLIGHT: ANDEE GONZALEZ

Andee Gonzalez

Major: Information Systems

ANDEE

Following her multi-year experience in the Undergraduate Research Program (UROP) and the Honors Program, Andee Gonzalez also pursued the McNair and Sally Casanova programs in preparation for doctoral studies, all under the supervision of Dr. Laura Gonzalez. In Summer 2024, Andee will be conducting Research at the University of Southern California.

Andee Gonzalez has presented research in six different venues, including the National Conference for Undergraduate Research (NCUR), and has been awarded over \$60,000 to support her research studies at CSULB. While pursuing University Honors and multiple research programs, Andee also served as a peer advisor in the Office of Undergraduate Research Services (OURS) for two years, as an NCAA Student-Athlete Tutor for two years, an Honors Student Representative for four years, and as Vice President of Leadership and Development in the CSULB Resident Hall Association. Andee Gonzalez also has professional experience at JP Morgan and Citibank.
