

COMPOST | ORGANICS

Acceptable items in the GREEN bin:

- All food & liquids - including meat, dairy, fruits, vegetables, sauces, beverages
- Plates, bowls, cups, utensils, & containers made from paper, bamboo, wood, bagasse, or sugar cane that do not have a plastic, bioplastic, or wax lining
- Soiled cardboard, such as pizza boxes
- Paper - napkins, paper towels, paper flyers

Bring your own reusable utensils, beverage containers, and napkins. Share and/or save leftovers to reduce waste!

MIXED RECYCLING

Acceptable items in the BLUE bin:

- Plastic containers (#1, #2, and #5)
- All metal cans & containers (empty)
- Glass bottles (empty)
- Clean paper
- Flattened cardboard
- Clean foil
- Milk/juice cartons (empty)

Empty liquids and foods into a COMPOST bin if available. Otherwise use a LANDFILL bin.

LANDFILL | TRASH

Acceptable items in the BLACK bin:

- Plastic containers (#3, #4, and #7)
- Plastic bags
- Bioplastics or PLA
- Plastic lids, utensils, & straws
- Polystyrene (a.k.a. Styrofoam)
- Coffee pods
- Wax/plastic lined paper (cups, bowls, etc.)

Bioplastics that are marked "compostable" or "biodegradable" are not actually accepted by most industrial composting processing facilities.
