#### INDEPENDENT AUDITORS' REPORT

To the Board of Directors of California State University, Long Beach Research Foundation:

#### **Opinion**

We have audited the accompanying financial statements of California State University, Long Beach Research Foundation, which comprise the statements of net position as of June 30, 2024 and 2023, and the related statements of revenue, expenses, and changes in net position, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of California State University, Long Beach Research Foundation (the Foundation) as of June 30, 2024 and 2023, and the changes in its net position and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Foundation and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Foundation's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

#### Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether
  due to fraud or error, and design and perform audit procedures responsive to those risks.
   Such procedures include examining, on a test basis, evidence regarding the amounts and
  disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
  procedures that are appropriate in the circumstances, but not for the purpose of expressing
  an opinion on the effectiveness of the Foundation's internal control. Accordingly, no such
  opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Foundation's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

#### Other Matters

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis (MD&A) on pages 4-15 and the Required Supplemental Information (RSI) on page 49 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements as a whole. The accompanying supplemental informational schedules on pages 50-65 are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental informational schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 17, 2024 on our consideration of the Foundation's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Foundation's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Foundation's internal control over financial reporting and compliance.

Long Beach, California September 17, 2024

Vindes, Inc.

# MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2024 AND 2023

#### **Introduction**

The following discussion and analysis provides an overview of the financial position and activities of the California State University, Long Beach Research Foundation (the Research Foundation) for the years ended June 30, 2024 and 2023. The discussion has been prepared by management and should be read in conjunction with the financial statements and notes thereto, which follow this section.

The Research Foundation is a nonprofit organization formed to support and advance the mission of California State University, Long Beach (the University). To fulfill this mission, the Research Foundation pursues a wide range of opportunities in the areas of grants and contracts, campus programs, public-private partnerships, technology transfer, and other entrepreneurial activities to complement and strengthen the University's teaching, research, scholarly, creative, and public service goals.

#### **Using the Financial Statements**

The Research Foundation's financial report includes three statements: the Statement of Net Position, the Statement of Revenue, Expenses and Changes in Net Position, and the Statement of Cash Flows. These financial statements have been prepared in accordance with Governmental Accounting Standards Board (GASB) principles. GASB establishes standards for external financial reporting for public colleges and universities and requires that financial statements be presented on a consolidated basis to focus on the reporting entity as a whole, with resources classified for accounting and reporting purposes into the following four net asset categories:

- Invested in capital assets, net of related debt
- Restricted, non-expendable
- Restricted, expendable
- Unrestricted

# MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2024 AND 2023

#### Statement of Net Position

The statement of net position presents the financial position of the Research Foundation at the end of the fiscal year and includes all assets, deferred outflows of resources, liabilities, and deferred inflows of resources of the Research Foundation. The difference between total assets, total liabilities, and net total of deferred outflow and inflow of resources – net position – is one indicator of the current financial condition of the Research Foundation, while the change in net position is an indicator of whether the overall financial condition has improved or worsened during the year. Assets, deferred outflow of resources, liabilities, and deferred inflow of resources are generally measured using current values. One notable exception is capital assets, which are stated at historical costs, less an allowance for depreciation. For the purpose of distinguishing between current and noncurrent assets and liabilities, current assets and liabilities are those that can be reasonably expected to either generate or use cash, as part of normal business operations, within one year of the financial statement date. A summary of the Research Foundation's assets, deferred outflow of resources, liabilities, deferred inflow of resources and net position is as follows:

	June 30,				
	2024	2023	2022		
Current assets	\$ 53,539,147	\$ 49,162,054	\$ 43,752,260

# MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2024 AND 2023

#### **Statement of Net Position** (Continued)

Total assets increased \$2,730,689, or 1.5% during fiscal year 2024 due to increase in cash and short-term investments. Total assets increased \$4,437,947, or 2.5%, during fiscal year 2023 due to increase in short-term investments and accounts receivable. Total assets increased \$77,971,340, or 79.9%, during fiscal year 2022. The increase in total assets in 2022 is due primarily to the adoption of GASB Statement 87 requiring the recording of lease receivables.

Current assets of \$53,519,147 in 2024 were \$4,377,093, or 8.9% higher than in 2023 due to increase in cash and short-term investments. Current assets of \$49,162,054 in 2023 were \$5,409,794, or 12.4% higher than in 2022 due to increase in short-term investments and increase in accounts receivable from grants and contracts. Current assets of \$43,752,260 in 2022 were \$4,687,013, or 12.0%, higher than in 2021 due to the adoption of GASB Statement 87 and recording the related lease receivables.

Total liabilities of \$42,325,809 during fiscal year 2024 decreased \$3,519,784, or 7.7% due to reduced unearned revenues, long-term debt obligations, and other post-employment benefits liabilities. Current liabilities in fiscal year 2024 include accounts payable of \$868,806, accrued salaries and benefits and compensated absences of \$3,804,832, unearned revenue of \$6,337,213, current portion of lease liabilities of \$67,842, current portion of long-term debt obligation of \$1,385,000 and \$3,268,449 of other liabilities.

# MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2024 AND 2023

#### **Statement of Net Position** (Continued)

Total liabilities of \$45,845,593 during 2023 decreased \$2,080,196, or 4.3%. The decrease is due to changes in assumptions underlying the valuation of post-employment benefit (OPEB) liability based on full actuarial study completed in June 2023. Current liabilities in fiscal year 2023 include accounts payable of \$849,892, accrued salaries and benefits, and compensated absences of \$3,609,869, unearned revenue of \$7,416,219, current portion of lease liabilities of \$62,388 current portion of long-term debt of \$1,315,000, and \$3,499,057 of other liabilities.

Current unearned revenue represents unexpended cash advances received for sponsored programs.

Net position increased by \$8,458,279, or 17.1% during fiscal year 2024 due to favorable market conditions and increase in campus program funds' net revenues. Net position increased by \$8,951,086, or 22.1%, during fiscal year 2023 attributed to favorable market conditions and gift of collection items. Net position increased by \$1,975,922, or 5.1%, during fiscal year 2022. The increase is primarily due to the decrease in operating expenses.

#### **Other Investments**

The other long-term investments were \$2,399,509 in 2024 and \$2,293,606 in 2023. These investments consist of funds that have been allocated by the Research Foundation for long-term investment purposes without donor restrictions.

#### Capital Assets and Long-Term Debt Activities

The Research Foundation's capital assets is as follows:

	June 30,				
	2024	2023	2022		
Building and improvements	\$ 32,283,502	\$ 32,283,502	\$ 32,283,502		
Furniture and fixtures	1,733,943	1,733,943	1,733,943		
Right-of-use assets	<u>295,886</u>	269,300	269,300		
	34,313,331	34,286,745	34,286,745		
Less accumulated depreciation					
and amortization	(22,636,520)	(21,430,972)	(20,222,708)		
	11,676,811	12,855,773	14,064,037		
Collection items (works of art)	7,753,991	7,564,741	6,687,741		
Land and land improvements	17,066,474	17,066,474	17,066,474		
	<u>\$ 36,497,276</u>	<u>\$ 37,486,988</u>	<u>\$ 37,818,252</u>		

## MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2024 AND 2023

#### <u>Capital Assets and Long-Term Debt Activities</u> (Continued)

On June 30, 2024, the Research Foundation had \$36,497,276 invested in capital assets, net of accumulated depreciation of \$22,636,520. Capital assets decreased \$989,712, or 2.6% due to depreciation charges net of donated works of arts of \$189,250 and lessee's right to use an asset over the life of a lease of \$26,586.

On June 30, 2023, the Research Foundation had \$37,486,988 invested in capital assets, net of accumulated depreciation of \$21,430,972. Capital assets decreased \$331,264, or 0.9% due to depreciation charges of \$1,208,264, and donated work of arts of \$877,000.

On June 30, 2022, the Research Foundation had \$37,818,252 invested in capital assets, net of accumulated depreciation of \$20,222,708. Capital assets during fiscal year 2022 decreased \$918,964, or 2.4%, due to a combination of depreciation charges of \$1,208,264, donated works of art of \$20,000, and \$269,300 in finance lease assets.

Long-term debt obligations consist of bonds, net of unamortized bond premium, of \$18,569,411 in 2024 and \$20,258,388 in 2023.

#### **Net Position**

Net position represents the residual interest in the Research Foundation's assets and deferred outflow of resources after liabilities and deferred inflow of resources are deducted. The Research Foundation's net position is as follows:

	June 30,			
	2024	2023	2022	
Invested in capital assets, net of				
related debt	\$ 16,445,139	\$ 15,768,918	\$ 14,491,547	
Restricted – Expendable:				
Research	7,347,309	6,152,739	5,429,794	
Other	6,227,377	6,298,267	5,705,578	
Unrestricted	27,920,083	21,261,705	14,903,624	
Net Position	\$ 57,939,908	<u>\$ 49,481,629</u>	\$ 40,530,543	

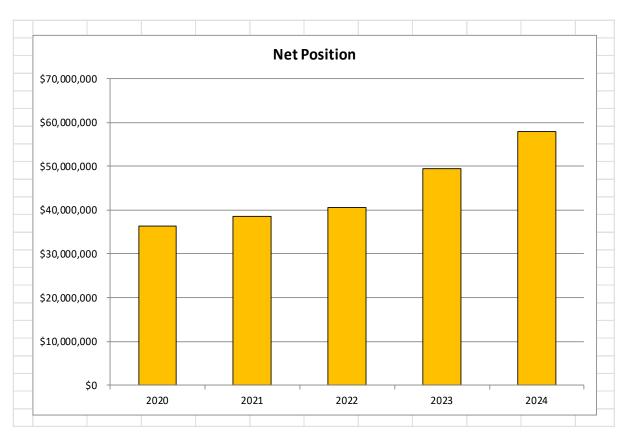

# MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2024 AND 2023

#### **Net Position** (Continued)

Net position increased \$8,458,279, or 17.1% during fiscal year 2024 due to favorable market conditions and increase in campus program funds' net revenues. Net position increased by \$8,951,086, or 22.1% during fiscal year 2023 due favorable market conditions and increase in gifts, including the donations of work of arts. Net position increased by \$1,975,922, or 5.1% during fiscal year 2022 due to decrease in overall operating expenses.

The amount invested in capital assets, net of related debt, represents the Research Foundation's capital assets, net of accumulated depreciation and outstanding principal balances of debt attributable to the acquisition, construction, or improvement of these assets.

Items included in the restricted expendable net position are program funds designated to support research, and other program activities.

# MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2024 AND 2023

#### Statement of Revenues, Expenses, and Changes in Net Position

The statement of revenue, expenses, and changes in net position presents the Research Foundation's results of operations. A summary of the Research Foundation's revenue, expenses, and changes in net position is as follows:

	For the Year Ended				
	-	June 30,			
	2024	2023	2022		
Operating revenue:					
Grants and contracts	\$ 54,878,315	\$ 40,022,072	\$ 33,923,822		
Other	10,820,980	11,068,056	11,980,471		
Total operating revenue	65,699,295	51,090,128	45,904,293		
Operating expenses	(61,460,230)	(48,384,109)	(42,001,232)		
Operating income	4,239,065	2,706,019	3,903,061		
Nonoperating revenue (expenses):					
Gifts, noncapital	1,914,072	2,654,804	1,235,656		
Investment (loss) income, net	2,987,627	2,313,494	(4,100,700)		
Nonoperating revenue, net	(682,485)	1,276,769	937,905		
Total nonoperating revenue					
(expenses), net	4,219,214	6,245,067	(1,927,139)		
Transfer of net position					
Change in net position	8,458,279	8,951,086	1,975,922		
Net position at beginning of year	49,481,629	40,530,543	38,554,621		
Net position at end of year	\$ 57,939,908	<u>\$ 49,481,629</u>	<u>\$ 40,530,543</u>		

During fiscal year 2024, total operating revenues of \$65,699,295 increased \$14,609,167, or 28.6%. Grants and contracts revenues increased \$14,856,243, or 37.1%. Total nonoperating revenues of \$4,219,214 were lower.

During fiscal year 2023, total operating revenue of \$51,090,128 increased \$5,185,835, or 11.3%. Grants and contracts revenues increased while campus program revenues decreased from the prior year. Total nonoperating revenues of \$6,245,067 were significantly higher due to a favorable market performance, and other post-employment benefit (OPEB) adjustment from the changes in experience and assumptions based on the actuarial study.

# MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2024 AND 2023

#### Statement of Revenues, Expenses, and Changes in Net Position (Continued)

During fiscal year 2022, total operating revenue of \$45,904,293 increased \$4,329,975, or 10.4%. Total nonoperating revenue of (\$1,927,139) represented a loss due to a challenging investment environment.

During fiscal year 2024, grants and contract revenue consisted of federal grants and contracts of \$38,520,695, state and local grants and contracts of \$13,039,175, and non-governmental grants and contracts of \$3,318,445.

During fiscal year 2023, grants and contract revenue consisted of federal grants and contracts of \$26,447,887, state and local grants and contracts of \$10,655,691, and non-governmental grants and contracts of \$2,918,494.

Investment income, net of fees, consists of a change in the fair market value of investments, including interest, dividends, and realized and unrealized gains (losses), and totaled \$2,987,627 in 2024 and \$2,313,494 in 2023.

In 2024, operating expenses consist of salaries and fringe benefits of \$30,417,752, supplies and services of \$25,882,158, scholarships and fellowships of \$3,954,772, and depreciation and amortization of \$1,205,548.

In 2023, operating expenses consist of salaries and fringe benefits of \$28,298,468, supplies and services of \$15,941,815, scholarships and fellowships of \$2,935,562, and depreciation and amortization of \$1,208,264.

### **Statement of Cash Flows**

The statement of cash flows provides additional information on the Research Foundation's financial results by reporting the major sources and uses of cash. A summary of the statement of cash flows is as follows:

	For the Year Ended June 30,				
	2024	2023	2022		
Cash received from operations Cash expended for operations Net cash provided by	\$ 62,243,545 _(61,117,154)		\$ 47,051,556 _(42,795,725)		
operating activities  Net cash provided by noncapital	1,126,391	1,021,925	4,255,831		
financing activities (gifts and grants Net cash used in capital and related	) 1,743,601	1,763,068	3,320,296		
financing activities Net cash provided by (used in)	(2,198,250)	(2,186,854)	(2,204,773)		
investing activities Net change in cash and cash	<u>857,668</u>	(1,205,799)	(4,612,688)		
equivalents	1,529,410	(607,660)	758,666		
Cash transfer to CSULB 49er Foundation	-	-	-		
Cash and cash equivalents at beginning of year	1,680,515	2,288,175	1,529,509		
Cash and cash equivalents at end of year	<u>\$ 3,209,925</u>	<u>\$ 1,680,515</u>	<u>\$ 2,288,175</u>		

During fiscal year 2024, the cash position of \$3,209,925 increased \$1,529,410, or 91%.

During fiscal year 2023, the cash position of \$1,680,515 decreased \$607,660, or 26.6%.

# MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2024 AND 2023

#### **Economic Factors That Will Affect the Future**

The Research Foundation serves to support the endeavors of externally sponsored research and training programs as a means of enhancing the academic experience of its faculty, students, and staff. This externally sponsored research allows faculty, staff, and students the ability to engage in nationally recognized scholarly endeavors and is a cornerstone of the University's academic excellence. The Research Foundation, in collaboration with the Office of Research and Economic Development, offers a full range of pre and post award administrative services to support its externally sponsored programs.

Revenue generated for providing these administrative services makes up a significant portion of the Research Foundation's operating revenue. In fiscal year 2023/24, 315 proposals were submitted to a variety of funding agencies. These proposals had a total value of approximately \$129,000,000. During the same period, 154 new awards were received and valued at approximately \$52,170,000. These new awards came from 64 federal agencies, 43 state agencies, 14 local agencies, and 33 corporations and foundations. Research expenditures totaled approximately \$48,100,000 with an F&A Effective Rate of 14.1%. The Research Foundation anticipates the increase in the value of new proposals will have a positive impact on its economic future.

Given the increase in the total value of new awards, the Research Foundation remains confident that there will continue to be a consistent revenue stream to support its operations. Similarly, the Research Foundation feels that the ever-increasing efforts of its faculty, students, and staff will further strengthen a research focused culture at the University.

### STATEMENTS OF NET POSITION

#### **ASSETS**

	June 30,			
	2024	2023		
CURRENT ASSETS

# NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2024 AND 2023

#### NOTE 1 – Statement of Significant Accounting Policies

#### Organization

The California State University, Long Beach Research Foundation (the Research Foundation) is a nonprofit, tax-exempt corporation, incorporated in the state of California on October 3, 1956. The Research Foundation is organized to administer grants from governmental and private agencies for research and other activities related to the programs of California State University, Long Beach (the University). The Research Foundation has accepted donations, gifts, and bequests for any university-related use and is currently only administering gifts and bequests made to the Research Foundation prior to the start of CSULB 49er Foundation, which now accepts such donations for any university-related use. The Research Foundation is a direct-support organization and component of the University.

#### Basis of Presentation

The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, as prescribed by the Governmental Accounting Standards Board (GASB).

The accompanying financial statements have been prepared on the accrual basis of accounting. The Research Foundation reports as a Business Type Activity and, accordingly, has reported its activities within a single column in the basic financial statements.

The Research Foundation's policy for defining operating activities as reported on the statement of revenue, expenses, and changes in net position are those that generally result from transactions such as payments received for providing services and payments made for services or goods received. Nearly all of the Research Foundation's expenses are from exchange transactions. Certain significant revenue streams relied upon for operations are recorded as nonoperating revenue as defined by GASB, including gifts and investment income.

# NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2024 AND 2023

#### NOTE 1 – Statement of Significant Accounting Policies (Continued)

#### Basis of Presentation (Continued)

The Research Foundation has adopted GASB Statement No. 33, *Accounting and Financial Reporting for Nonexchange Transactions*, GASB Statement No. 35, as amended by GASB Statements No. 37, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments: Omnibus* and GASB Statement No. 38, *Certain Financial Statement Note Disclosures*. GASB Statement No. 33 requires that unconditional promises to give be recorded as receivables and revenue when the Research Foundation has met all applicable eligibility requirements. This statement also requires that unspent cash advances received for sponsored programs be recorded as deferred revenue rather than as restricted expendable net assets. GASB Statement No. 35 established standards for external financial reporting for public colleges and universities and requires that resources be classified for accounting and reporting purposes into the following four net position categories: Invested in capital assets, net of related debt; Restricted, non-expendable; Restricted, expendable; and Unrestricted.

In accordance with GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*, the Research Foundation reports separate sections for Deferred Outflows of Resources and Deferred Inflows of Resources, when applicable.

<u>Deferred Outflows of Resources</u> – represent outflow of resources (consumption of net position) that apply to future periods and that, therefore, will not be recognized as an expense until that time.

<u>Deferred Inflows of Resources</u> – (acquisition of net position) that apply to future periods and that, therefore, are not to be recognized as revenue until that time.

#### Classification of Current and Noncurrent Assets (Other than Investments) and Liabilities

The Research Foundation considers assets to be current that can reasonably be expected, as part of its normal business operations, to be converted to cash and be available for liquidation of current liabilities within 12 months of the statement of net position date. Liabilities that reasonably can be expected, as part of normal Research Foundation business operations, to be liquidated within 12 months of the statement of net position date, are considered to be current. All other assets and liabilities are considered to be noncurrent. For clarification of current and noncurrent investments, see the investment accounting policy.

# NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2024 AND 2023

#### NOTE 1 – Statement of Significant Accounting Policies (Continued)

#### Net Position

The Research Foundation's net position is classified into the following net position categories:

#### • Invested in capital assets, net of related debt

Capital assets, net of accumulated depreciation and outstanding principal balances of debt attributable to the acquisition, construction or improvement of those assets.

#### Restricted

**Nonexpendable** – Net position subject to externally imposed stipulations that they be maintained permanently by the Research Foundation.

**Expendable** – Net position whose use by the Research Foundation is subject to externally imposed stipulations that can be fulfilled by actions of the Research Foundation pursuant to those stipulations or that expire by the passage of time.

#### Unrestricted

Unrestricted net positions are those that are not subject to externally imposed stipulations. Unrestricted net positions may be designated for specific purposes by action of management or the Board of Directors or may otherwise be limited by contractual agreements with outside parties. Substantially all unrestricted net positions are designated for any university-related use, which includes academic and research programs and initiatives, and capital programs.

#### Reporting Entity

The Research Foundation is an affiliated organization component unit of the University. As such, the Research Foundation's financial data will be included in the financial statements of the University.

# NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2024 AND 2023

#### NOTE 1 – Statement of Significant Accounting Policies (Continued)

#### Use of Estimates and Assumptions

Management uses estimates and assumptions in preparing financial statements in accordance with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenue and expenses. The most significant estimates relate to allowance for uncollectible accounts receivable, lease receivables, and pledges receivable, estimated useful lives of capital assets, postemployment benefit obligations, lease related discount rates, and charitable unitrust agreements. Actual results could vary from the estimates that were assumed in preparing the financial statements.

#### Cash and Cash Equivalents

The Research Foundation considers all highly liquid, short-term investments purchased with an original maturity of three months or less to be cash equivalents. The Research Foundation maintains cash with financial institutions in excess of federally insured limits.

#### Custodial Credit Risk for Deposits

Custodial credit risk for deposits is the risk that the Research Foundation will not be able to recover deposits or will not be able to recover collateral securities that are in possession of an outside party. The California Government Code and Education Code do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits, other than the provision that a financial institution must secure deposits made by state or local government units by pledging securities in an undivided collateral pool held by a depository regulated under state law. The Research Foundation mitigates the risk by maintaining the deposits at financial institutions that are fully insured or collateralized as required by state law.

#### Investments

The Research Foundation has adopted GASB Statement No. 31, Accounting and Financial Reporting for Certain Investments and for External Investment Pools. Under GASB Statement No. 31, investments in marketable securities with readily determinable fair values and all investments in debt securities are valued at their fair values using quoted market prices in the statement of net position. Realized and unrealized gains and losses are included in the accompanying statement of revenue, expenses, and changes in net position.

## NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2024 AND 2023

#### NOTE 1 – Statement of Significant Accounting Policies (Continued)

#### Investments (Continued)

The Research Foundation has adopted GASB Statement No. 72, *Fair Value Measurement and Application*. GASB 72 establishes general principles for measuring fair value and standards of accounting and financial reporting for assets and liabilities measured at fair value.

#### Accounts Receivable

Accounts receivable primarily consists of amounts due from the federal government, state and local governments, and private sources in connection with reimbursement of allowable expenditures made pursuant to contracts and grants. Accounts receivable also includes charges for auxiliary enterprises' sales and services. Management provides for probable uncollectible amounts through a charge to revenue and a credit to a valuation allowance based on its assessment of the current status of the receivables. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to receivables. At June 30, 2024 and 2023, the allowance was approximately \$100,000.

#### Pledges Receivable

The Research Foundation receives pledges and bequests of financial support from corporations, foundations, and individuals. Revenue is recognized when a pledge representing an unconditional promise to pay is received and all eligibility requirements, including time requirements, have been met. In the absence of such promise, revenue is recognized when the gift is received. Endowment pledges do not meet eligibility requirements, as defined by GASB Statement No. 33, and are not recorded as assets until the related gift is received. An allowance for uncollectible pledges receivable is provided based on management's judgment of potential uncollectible pledges. There was no allowance at June 30, 2024 and 2023. The allowance determination includes such factors as prior collection history, type of gift, and nature of fund-raising.

#### Capital Assets

Capital assets of the Research Foundation are stated at cost or, if acquired by gift, at estimated fair value at the date of donation. Major renewals and betterments are charged to capital assets, while replacements, maintenance and repairs that do not improve or extend the life of the respective assets are currently expensed. Depreciation and amortization is charged on a straight-line basis over the lives of the assets, which range from five to forty years.

# NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2024 AND 2023

#### NOTE 1 – Statement of Significant Accounting Policies (Continued)

#### Collection Items and Works of Art

The Research Foundation's collection items are made up of artifacts of historical significance and art objects that are held for educational research and curatorial purposes. Each of the items is cataloged, preserved and cared for, and activities verifying their existence and assessing their condition are performed continuously. Monies recovered from any collections that are sold must be used to acquire other items for collections.

Collection items acquired on or after July 1, 1996 are capitalized at cost, if the items were purchased, or at their appraised or fair market value on the accession date, if the items were contributed. During the years ended June 30, 2024 and 2023, there were donated collection items of \$189,250 and \$877,000, respectively.

#### Compensated Absences

Research Foundation employees accrue annual leave at rates based on length of service and job classification.

#### **Unearned Revenue**

Unearned revenue consists primarily of amounts received from grant and contract sponsors which have not yet been earned under the terms of the agreement and lease payments received in advance from lessees on long-term leases.

#### Classification of Revenue and Expenses

The Research Foundation considers operating revenue and expenses in the statement of revenue, expenses, and changes in net position to be those revenue and expenses that result from exchange transactions or from other activities that are connected directly to the Research Foundation's primary functions. Exchange transactions include charges for services rendered and the acquisition of goods and services. Certain other transactions are reported as nonoperating revenue and expenses in accordance with GASB Statement No. 35. These nonoperating activities include net investment income, gifts (noncapital), endowments and interest expense.

#### Income Taxes

The Research Foundation is tax-exempt under Internal Revenue Code Section 501(c)(3) for federal income taxes, as well as the related provisions for state income tax purposes.

# NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2024 AND 2023

#### NOTE 2 – Accounts Receivable

The composition of accounts receivable is summarized as follows:

	June 30,			
	2024	2023		
Grants and contracts	\$ 12,440,708	\$ 11,651,305		
Trusts and other	<u> 16,358,151</u>	16,309,514		
	28,798,859	27,960,819		
Less allowance for uncollectible accounts	(100,000)	(100,000)		
	28,698,859	27,860,819		
Less current portion	(12,340,708)	(11,551,305)		
Noncurrent portion	<u>\$ 16,358,151</u>	<u>\$ 16,309,514</u>		

### NOTE 3 – Pledges Receivable

Pledges receivable are recorded in the statement of net position at estimated net realizable value in accordance with GASB Statement No. 33. Pledges receivable were discounted as of June 30, 2024 using an interest rate of 3.39%, which approximated the Research Foundation's rate of return on treasury notes at the time the pledges were made. Pledges receivable as of June 30, 2024 are summarized as follows:

# Due in the Year Ending June 30,

2025	\$	200,000
2026	*	200,000
2027		200,000
2028		41,091
		641,091
Less present value discounts		(37,065)
		604,026
Less current portion of pledges receivable		(200,000)
Long-term portion of pledges receivable	\$	404,026

# NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2024 AND 2023

#### NOTE 4 - Investments

At June 30, 2024 and 2023, the Research Foundation's investment portfolio consists primarily of investments held in mutual funds, as well as interest-bearing accounts.

#### Investment Policy

The primary objective of the Research Foundation's investment policy is to safeguard the principal. The secondary objective is to meet the liquidity needs of the Research Foundation. The third objective is to return an acceptable yield. In general, the Research Foundation's investment policy permits investments in obligations of the federal and state governments, equities, corporate bonds, and certain other investment instruments.

#### Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value is to changes in market interest rates.

#### Credit Risk

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization.

The Research Foundation may invest in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net position.

# NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2024 AND 2023

#### NOTE 4 - Investments (Continued)

### Credit Risk (Continued)

The following is a summary of investments:

	June 30,		
	2024	2023	
Investments at fair value as determined			
by quoted market price or estimated fair value:			
Common stock and exchange traded funds	\$ 27,779,967	\$ 25,235,961	
Mutual funds	2,097,745	2,014,736	
Bonds	4,520,329	6,100,682	
LAIF	4,450,219	3,366,922	
	\$ 38,848,260	<u>\$ 36,718,301</u>	
	Jun	e 30,	
	2024	2023	
Investments by classification:			
Current portion	\$ 36,448,751	\$ 34,424,695	
Noncurrent portion	2,399,509	2,293,606	
	<u>\$ 38,848,260</u>	<u>\$ 36,718,301</u>	

Investments are valued at quoted market price if available; otherwise, they are recorded at estimated fair value. Other investments consists of a treasury note that is valued at fair value based on market prices.

Investment income (loss) is summarized as follows:

	For the Year EndedJune 30,		
	2024	2023	
Interest and dividend income, net of fees Net unrealized gain Net realized loss	\$ 945,067 2,148,665 (106,105)	\$ 640,661 1,694,646 (21,813)	
	<u>\$ 2,987,627</u>	\$ 2,313,494	

# NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2024 AND 2023

#### NOTE 4 - Investments (Continued)

#### Credit Risk (Continued)

Investment fees totaled \$63,628 and \$55,133 for the years ended June 30, 2024 and 2023, respectively, and are included in investment income on the accompanying statement of revenue, expenses, and changes in net position.

The Research Foundation follows the provisions of GASB No. 72 for fair value measurements of financial assets and financial liabilities and for fair value measurements that are recognized or disclosed at fair value in the financial statements on a recurring basis. GASB No. 72 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets that the Research Foundation has the ability to access at the measurement date.
- Level 2 inputs are inputs other than quoted prices included within level 1 that are observable for the asset, either directly or indirectly.
- Level 3 inputs are unobservable inputs for the asset.

The following table sets forth by level, within the fair value hierarchy, the Research Foundation's investments at fair value measurements:

	Fair Value Measurements at June 30, 2024							
	(Level 1)	_(Lev	rel 2)	_(L	evel 3)		et Asset 'alue <sup>(a)</sup>	Total

#### NOTE 6 - Long-Term Debt (Continued)

Future maturities of long-term debt are as follows:

Year EndingJune 30,	Principal		Interest
2025	\$ 1,385,000	¢	014625
2025	, , ,	\$	814,625
2026	1,450,000		743,750
2027	1,530,000		669,250
2028	1,610,000		590,750
2029	1,690,000		508,250
2030	1,770,000		421,750
2031-2035	7,740,000		781,000
	<u>\$ 17,175,000</u>	\$	4,529,375

The bonds contain certain covenants with respect to a minimum debt service coverage ratio and minimum unrestricted net assets for which the Research Foundation is in compliance at June 30, 2024.

#### NOTE 7 – Pension Plan and Postemployment Health Care Plan

#### Pension Plan

The Research Foundation has a defined contribution retirement plan (the Plan) which covers all regular full-time employees and part-time employees who have provided services of at least 1,000 hours during the year. There is a two-year waiting period to enter the Plan. The basic plan contribution rate is equal to 10% of gross earnings. Pension expense was approximately \$861,000 and \$869,000 for the years ended June 30, 2024 and 2023, respectively.

### NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2024 AND 2023

#### NOTE 7 – Pension Plan and Postemployment Health Care Plan (Continued)

#### Postemployment Health Care Plan

The Research Foundation maintains the same plans for its retirees as for its active employees, as well as Medicare Replacement Plans for retirees age 65 and over.

The Research Foundation contributes to the cost of insurance according to a Policy Statement which is summarized below:

Group 1 employees (Benefitted Research Foundation Central Office Employees and Benefitted Office of Research and Sponsored Programs) and Group 2 employees (Benefitted Grant, Contract, Research and Special Project Employees) hired before January 1, 2012 are eligible to retire and receive Foundation-paid benefits after the later of age 50 and 5 years of continuous employment by the Research Foundation immediately prior to retirement. The Research Foundation contributes an amount up to 100% of the cap for active employees, which varies by tier.

Group 1 employees hired on or after January 1, 2012 are eligible to retire after the later of age 60 and 10 years of continuous employment by the Research Foundation immediately prior to retirement. The Research Foundation contributes an amount up to 50% of the cap for active employees. Group 2 employees hired on or after January 1, 2012 are not eligible for retiree health benefits.

The Research Foundation elected to utilize the roll-forward method to value their obligations under this plan for the year ended June 30, 2024 as permitted by GASB 75 as the prior year figures for June 30, 2023 utilized a full actuarial valuation. This roll-forward method is permitted as long as a full actuarial valuation is conducted at least every two years.

At June 30, 2023, membership consisted of the following:

Inactive plan members or beneficiaries currently receiving benefit payments	53
Active plan members	43

The Research Foundation currently finances benefits on a pay-as-you-go basis.

Benefits continue for the lifetime of the retiree and spouse or domestic partner. Spouses and domestic partners will be covered only if married or partnered at the time of retirement.

of financial position	<u>\$ 2,315,278</u>	<u>\$ 2,870,105</u>	

### NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2024 AND 2023

#### NOTE 7 – Pension Plan and Postemployment Health Care Plan (Continued)

Postemployment Health Care Plan (Continued)

#### Reconciliation of Benefit Obligations (Continued)

The following table provides the components of the net periodic benefit income for the plan for the years ended June 30, 2024 and 2023:

	June 30,			
		2024		2023
Service cost	\$	145,674	\$	173,973
Interest cost		505,913		553,099
Expected return on assets		(302,731)		(177,882)
Experience gain		(683,657)		(1,689,556)
Change in assumption		(139,302)		(291,058)
Net periodic post-retirement benefit income	\$	(474,103)	\$	(1,431,424)

#### **Assumptions**

Assumptions used to determine benefit obligations at June 30, 2024 and 2023:

	June 30,		
	2024	2023	
Discount rate	6.00%	6.00%	
Healthcare cost trend rate	4.00%	4.00%	
Long-term rate of return on plan assets	6.00%	6.00%	

Assumptions used to determine net periodic benefit cost for years ended June 30, 2024 and 2023:

Discount rate	6.00%	6.00%
General inflation	2.50%	2.75%
Long-term rate of return on plan assets	6.00%	6.00%

### NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2024 AND 2023

#### NOTE 7 – Pension Plan and Postemployment Health Care Plan (Continued)

Postemployment Health Care Plan (Continued)

#### **Assumptions (Continued)**

Assumed health care cost trend at June 30, 2024 and 2023:

Net Periodic Benefit Cost and Accumulated Post-Retirement Benefit Obligation:

	June 30,		
	2024	2023	
Health care cost trend rate assumed for next year	4.00%	4.00%	

Pre-retirement mortality rates were based on the RP-2014 Employee Mortality Table for Males or Females, as appropriate, without projection. Post-retirement mortality rates were based on the RP-2014 Health Annuitant Mortality Table for Males or Females, as appropriate, without projection.

The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. To achieve the goal set by the investment policy, plan assets will be managed to earn, on a long-term basis, a rate of return equal to or more than the target rate of return of 5.50 percent. The discount rate reflects the following:

- a) The long-term expected rate of return on OPEB plan investments to the extent that the OPEB plan's fiduciary net position is projected to be sufficient to make projected benefit payments and assets are expected to be invested using a strategy to achieve that return;
- b) A yield or index rate for 20-year, tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher – to the extent that the conditions in (a) are not met.

### NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2024 AND 2023

#### NOTE 7 – Pension Plan and Postemployment Health Care Plan (Continued)

#### Postemployment Health Care Plan (Continued)

#### **Assumptions (Continued)**

Assumed health care cost trend rates have a significant effect on the amounts reported for the health care plan. A 1% change in assumed health care cost trend rates would have the following effects for the year ended June 30, 2024:

	_1	<u>% Increase</u>	1%	<u>Decrease</u>
Effect on the accumulated post-retirement				
benefit obligation	\$	3,520,984	\$	1,312,286

Assumed discount rates have a significant effect on the amounts reported for the health care plan. A 1% change in assumed discount rates would have the following effects for the year ended June 30, 2024:

	_1	<u>% Increase</u>	_1%	<u>Decrease</u>
Effect on the accumulated post-retirement				
benefit obligation	\$	1,496,484	\$	3,288,702

#### Contributions

The Research Foundation contributed \$480,325 to its post-retirement health care plan for the year ending June 30, 2024.

Participant contributions are determined for both active employees and retirees on an annual basis.

#### **Investment Policy**

Beginning in the fiscal year ended June 2016, the Research Foundation participated in the Auxiliaries Multiple Employer VEBA (Voluntary Employees' Beneficiary Association). The Auxiliaries Multiple Employer VEBA is a separate 501(c)(9) organization established in August 2010 to assist in funding post-retirement healthcare benefits for recognized auxiliaries of the California State University System. No withdrawals to cover retiree health benefits have been made yet as the Research Foundation plans to build up the fund for a few years before making withdrawals.

### NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2024 AND 2023

#### NOTE 7 – Pension Plan and Postemployment Health Care Plan (Continued)

#### Postemployment Health Care Plan (Continued)

#### Investment Policy (Continued)

The purpose of the investment policy is to invest the contributions for funding the Research Foundations' retiree welfare benefits. The policy establishes appropriate risk and return objectives considering the Board's risk tolerance.

The return objectives of the investment portfolio are viewed from two perspectives: Absolute - Real (net of inflation) rate-of-return; and Relative - Time-weighted rates of return versus capital market indices.

- The Absolute Objective is to seek an average total annual return net of fees and expenses of 4.0% plus the percentage change in the Consumer Price Index for All Urban Consumers: U.S. City Average – All Items.
- 2. The Relative Objective of the Auxiliaries VEBA's investment portfolio is to seek competitive investment performance versus appropriate capital market benchmarks or indices.

To achieve its return objectives, the investment portfolio shall be allocated among several asset classes, which may include domestic equity, domestic fixed income, international equity, international fixed income, real estate, and cash. The purpose of allocating among asset classes is to ensure the proper level of diversification within the portfolio. It is understood that assets may temporarily be placed in a cash equivalent account prior to investing in longer term instruments.

The general policy is to diversify investments among equities, fixed income and possibly other securities, such as real estate, to provide a balance that will enhance total return while avoiding undue risk concentration in any single asset class or investment category.

The portfolio shall be rebalanced at least annually in accordance with market fluctuations, keeping in mind that rebalancing is a function of expected returns, volatility, and return correlations of the portfolio. Rebalancing should also be weighed against the additional costs of frequent trading and internal resources.

### NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2024 AND 2023

Amounts reported as deferred outflows and deferred inflows of resources will be recognized in OPEB expense as follows:

Year Ended June 30.		Deferred utflows of Resources	Deferred Inflows of Resources		
2025	\$	98,955	\$	417,975	
2026	\$	286,671	\$	253,246	
2027	\$	(113,622)	\$	-	
2028	\$	(81,917)	\$	-	

#### NOTE 8 – Commitments and Contingencies

#### Charitable Unitrust Agreements

The Research Foundation is obligated under various charitable unitrust agreements. The trusts provide a fixed percentage of the fair market value to be paid periodically to the trustor. Certain trusts limit the payment to the net income earned on the assets, while the remaining trusts allow for invasion of the principal to make the required payments. Upon termination, the remaining trust assets are to be distributed to designated beneficiaries and the Research Foundation in a manner designated by the grantor. The amounts due to the designated beneficiaries are reported as other liabilities on the statement of net position.

### NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2024 AND 2023

#### NOTE 8 – Commitments and Contingencies (Continued)

#### Contingencies

The Research Foundation receives a significant portion of its support and revenue from government grants, which are subject to government audit. The ultimate determination of amounts received under these programs generally is based upon allowable costs reported to and audited by the government. Until any such audits have been completed and final settlement reached, there exists a contingent liability to refund any amount received in excess of allowable costs. Based on prior history, management believes that no material liability will result from such audits.

#### As Lessor

The Research Foundation is the lessor in three property lease arrangements, two of which are with related parties. The total investment in the land and building is approximately \$49,000,000, with \$45,000,000 allocated to the space available for lease, and approximately \$20,700,000 and \$19,600,000 of accumulated depreciation at June 30, 2024 and 2023, respectively.

Space Lease terms range from one to eight years and require tenants to pay a pro-rata share of common area maintenance. The Research Foundation also has a ground lease through October 2083.

In estimating the present value of these lease receivable balances, the Research Foundation estimated the discount rate based on their estimates for risk free rates of returns over comparable periods. The interest rates used in their calculations ranged from 1.52% to 4.93%.

### NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2024 AND 2023

#### NOTE 8 – Commitments and Contingencies (Continued)

#### As Lessor (Continued)

The following is a schedule by years of future minimum rents receivable under noncancellable operating leases that have initial or remaining lease terms in excess of one year as of June 30, 2024:

Year Ending  June 30,	Principal	Interest
2025	\$ 3,270,461	\$ 2,470,512
2026	3,270,476	2,427,107
2027	3,241,281	2,381,368
2028	3,134,432	2,334,495
2029	3,227,688	2,284,935
2030-2034	15,756,992	10,544,898
2035-2039	9,807,892	9,707,062
2040-2044	9,719,354	9,754,860
2045-2049	10,691,292	9,686,477
2050-2054	11,760,415	9,443,154
Thereafter	96,799,640	34,853,982
	<u>\$ 170,679,923</u>	<u>\$ 95,888,850</u>

Rental income was approximately \$6,012,000 and \$5,923,000 for the years ended June 30, 2024 and 2023, respectively. Included in lease receivables, current portion on the statement of net position as of June 30, 2024 is approximately \$56,000 of interest earned and not yet received.

The Research Foundation has deferred inflows of resources related to these lease arrangements that are recognized on a straight line-basis over the life of the arrangements. The Research Foundation will recognize into revenue approximately \$2,300,000 per year through June 30, 2027, \$2,100,000 per year through June 30, 2084.

### NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2024 AND 2023

#### NOTE 8 – Commitments and Contingencies (Continued)

#### As Lessee

The Research Foundation has entered into a lease under an agreement expiring November 2025, not including any renewal options. Generally, these agreements provide for periodic adjustments to base rents based upon changes in the Consumer Price Index.

The following is a schedule of future minimum rental payments required under operating leases that have initial or remaining noncancellable lease terms in excess of one year at June 30, 2024:

Year EndingJune 30,	<u>P</u>	Interest			
2025	\$	67,842	\$	1,229	
2026		27,561		366	
2027		2,324		26	
	\$	97,726	\$	1,621	

Rental expense was approximately \$724,000 and \$702,000 for the years ended June 30, 2024 and 2023, respectively.

In estimating the present value of these lease liabilities, the Research Foundation estimated the a discount rate based on their estimates for the implicit interest rate based on the terms of the lease agreements. The interest rates used in their calculations ranged from 1.14% to 1.35%.

### NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2024 AND 2023

#### NOTE 10 – Transactions with Related Entities

As described in Note 1, the Research Foundation is an auxiliary organization affiliated with the University and the California State University (CSU) System statewide. The Research Foundation is also affiliated with CSULB 49er Foundation (49er Foundation), an auxiliary organization of the University and CSU. The accompanying financial statements include transactions with related parties as of and for the years ended June 30, 2024 and 2023, as follows:

	June 30,		
	2024	2023	
Payments to the University for salaries of University personnel working on contracts, grants, and other programs	\$ 5,654,095	\$ 4,117,116	
Payments to the University for other than salaries of University personnel	\$10,628,157	\$ 8,471,274	
Payments received from the University for services, space, and programs	\$ 3,727,215	\$ 3,426,774	
Gifts-in-kind to the University from discretely presented component units	\$ 113,865	\$ 397,778	
Gifts (cash or assets) to the University from discretely presented component units	\$ 5,587,495	\$ 4,183,050	
Amounts payable to the University	\$ 3,208,150	\$ 3,225,131	
Amounts due to other CSU business Units	\$ 6,581	\$ 34,220	
Amounts due from other CSU business Units	\$ 110,211	\$ 69,154	
Accounts receivable from the University	\$ 514,222	\$ 293,151
