

## Data Sources and Access

The Beach celebrates a culture of data ownership, empowering faculty and staff to positively impact student success. The Beach provides numerous data sources to support this vision, ensuring you have the necessary information to fulfill your responsibilities. The following table outlines the data sources and the processes for accessing this information, providing you with the robust support you need to excel in your roles.

Data System	Data Available	Department	Description	Roles with Access	Request Process	Learn More
<b>Ad Astra</b>	Class Schedule Rooms/Space Events	Enrollment Services	Ad Astra is the campus system for scheduling classrooms and event spaces. Users can access a database of space usage across campus to find available rooms, submit requests for academic events, and run reports of room usage.	College Schedulers/ Analysts Department Coordinators/ Schedulers	Complete the <b>Peoplesoft Student Administration System Security Authorization Form</b> , located in the MyBeach Forms in your Single Sign On.	Resources and User Guides available in AdAstra system accessible through Single Sign On.
<b>Beach Connect (EAB)</b>	Student Advising	Enrollment Services	Beach Connect is an eAdvising tool where students can book appointments for resources on campus, including academic advising. Users can also view student records and run analytic reports.	Deans Associate Deans College Schedulers/Analysts Department Chairs Staff & Faculty Advisors	Complete the <b>Peoplesoft Student Administration System Security Authorization Form</b> , located in the MyBeach Forms in your Single Sign On.	Sign up for training online at: <a href="https://www.csulb.edu/beach-connect/staff-and-faculty-resources">https://www.csulb.edu/beach-connect/staff-and-faculty-resources</a>
<b>CMS Student Administration (PeopleSoft)</b>	Student Advising Class Schedule	Enrollment Services	The Student Administration system is CSULB's system that is used to maintain students' academic and financial information, generate administrative reports, and complete related business processes. This system is only available to authorized staff and faculty to support official university business.  Faculty members who are assigned to teach at least one class in the current semester automatically receive limited access to the student system through the MyCSULB Faculty Center.	College Schedulers/Analysts Department Coordinators/ Schedulers Staff & Faculty Advisors	Complete the <b>Peoplesoft Student Administration System Security Authorization Form</b> , located in the MyBeach Forms in your Single Sign On.	Sign up for training online at: <a href="https://www.csulb.edu/enrollment-services/faculty-and-staff-resources/student-administration-system-training">https://www.csulb.edu/enrollment-services/faculty-and-staff-resources/student-administration-system-training</a>  <a href="#">Business Process Guides</a> for each of the modules are available on SharePoint (login required).
<b>CS-Link</b>	Student Enrollment	Enrollment Services	CS-Link allows users to run reports generated from PeopleSoft data. Access to reports are determined by role. A summary of the types of reports by area is available online at: <a href="https://www.csulb.edu/enrollment-services/faculty-and-staff-resources/cslink-reports">https://www.csulb.edu/enrollment-services/faculty-and-staff-resources/cslink-reports</a>	Deans Associate Deans College Schedulers/Analysts Department Chairs Department Coordinators/ Schedulers Staff & Faculty Advisors	Complete the <b>Peoplesoft Student Administration System Security Authorization Form</b> , located in the MyBeach Forms in your Single Sign On.	
<b>Confidential Grade Report (in Tableau)</b>	Course Grades	IR&A	The Confidential Grade Report is a dashboard with data on grades earned and average GPA for each course offered by semester and instructor. It is used by departments and colleges in the RTP and Lecturer evaluation processes.	Deans Associate Deans Department Chairs	Contact <a href="mailto:IR&amp;A@csulb.edu">IR&amp;A@csulb.edu</a> .	
<b>OnBase</b>	Admissions	Enrollment Services	OnBase is the system that Enrollment Services uses to send applications to departments for review and admission.	Department Chairs* Staff & Faculty Advisors*  *If responsible for graduate admissions	Complete the <b>Peoplesoft Student Administration System Security Authorization Form</b> , located in the MyBeach Forms in your Single Sign On.	Training videos and a resource guide are available online at: <a href="https://www.csulb.edu/enrollment-services/faculty-and-staff-resources">https://www.csulb.edu/enrollment-services/faculty-and-staff-resources</a>
<b>Program Review Dashboards (Tableau)</b>	Enrollment Student Success Demographics	IR&A and Office of Program & Institutional Effectiveness	The Program Review dashboards are for use when completing the Program Review Self Study report. This series of dashboards contain data on enrollment, graduation and persistence rates, and student and faculty demographics for the last seven academic years. Data is broken down by first-time, first year, transfer, and graduate students and can be filtered by college, department, and major.	Deans Associate Deans Department Chairs*  *Or other program directors participating in Program Review	Users facilitating Program Review can request access by contacting the <a href="#">Office of Program &amp; Institutional Effectiveness</a> .	For questions, contact the <a href="#">Office of Program &amp; Institutional Effectiveness</a> .

<b>SPOT Course Evaluations</b>	Faculty Evaluations	ATS	Student Perceptions of Teaching (SPOT) is an anonymous questionnaire that offers students the opportunity to provide feedback to their instructors. SPOT data are used by departments and colleges in the RTP and Lecturer evaluation processes.	Deans Associate Deans Department Chairs	Contact <a href="mailto:ats-survey@csulb.edu">ats-survey@csulb.edu</a> .

## Data Analyst Network

The following individuals serve as the point of contact for student success data in the college or area.

Name	Title	Division/College	Contact
Christina Goldpaint	Data & Program Analyst	Academic Affairs, Undergraduate Programs	<a href="mailto:christina.goldpaint@csulb.edu">christina.goldpaint@csulb.edu</a>
Tiffanie Graves	Data & Program Analyst, Office of Program & Institutional Effectiveness	Academic Affairs, Academic Programs and Graduate Studies	<a href="mailto:tiffanie.graves@csulb.edu">tiffanie.graves@csulb.edu</a>
Rachel Rivas	Associate Director for Academic Planning	Academic Affairs, Academic Planning	<a href="mailto:rachel.rivas@csulb.edu">rachel.rivas@csulb.edu</a>
Brian Gonzalez	Academic Operations Specialist	College of Business	<a href="mailto:brian.gonzalez@csulb.edu">brian.gonzalez@csulb.edu</a>
Ryan Adams	Data Specialist	College of Education	<a href="mailto:ryan.adams@csulb.edu">ryan.adams@csulb.edu</a>
Jason Deutschman	Associate Director, Academic Advising	College of Engineering	<a href="mailto:jason.deutschman@csulb.edu">jason.deutschman@csulb.edu</a>
Jade Autrand	College Administrative Data Analyst	College of Health & Human Services	<a href="mailto:jade.autrand@csulb.edu">jade.autrand@csulb.edu</a>
Liza Ivezaj	Student Success Data Analyst	College of Liberal Arts	<a href="mailto:liza.ivezaj@csulb.edu">liza.ivezaj@csulb.edu</a>
Dennis Garcia	Program Coordinator, Learning Communities	College of Natural Sciences & Mathematics	<a href="mailto:dennis.garcia@csulb.edu">dennis.garcia@csulb.edu</a>
		College of The Arts	
Gary Coyne	Associate Director, Assessment & Evaluation	Student Affairs, Assessment & Evaluation	<a href="mailto:gary.coyne@csulb.edu">gary.coyne@csulb.edu</a>

## Additional Information

**IR&A Website:** Beach Data, the IR&A website, also contains dozens of publicly available data dashboards on admissions, enrollment, faculty, and student success.

**CSU Chancellor's Office Website:** The CO website has publicly available dashboards on admissions, enrollment, and student success across the entire CSU system.

**CSU Student Success Dashboards:** Track progress on Graduation Initiative 2025 and other student success measures (CSU login required).

If you have additional need for data that is not available to you currently, please feel free to **submit a request** through the [IR&A website request form](#). Note that some requests for data intended for research purposes may require [IRB approval](#). You may contact [IR&A@csulb.edu](mailto:IR&A@csulb.edu) for additional questions.
