EMPLOYMENT STATUS FORM/ STAFF HIRING DOCUMENT

Reminder: All ESF's must be submitted to our office 10 business days prior to the effective date. If there are missing attachments (i.e., job descriptions), the ESF will be delayed. If a renewal ESF is submitted with a higher pay rate than the existing rate(s) in our system, the ESF will be updated to reflect the existing pay rate and a new ESF will need to be submitted for review for a reclassification. The ESF requesting the increase will need to include "Additional duties, reclassification" on the change explanation line.

To request an increase, you must do the following **at least two weeks in advance** of the desired increase effective date:

1. Submit a **written request** to Human Resources for consideration indicating the old rate/proposed new rate and the desired future effective date of the increase.
 - a. **Non-benefitted staff** - the effective date can be either the 1st or 16th of the month - start of the pay period.
 - b. **Benefitted staff** - the effective date must be on the 1st of a month following the 2-week review. No exceptions.

Employee Timecards are due each pay period according to the Research Foundation Semi-Monthly Pay Schedule. We pay 10 days after the end of the pay period -

- Period 1 - 1st of the month through the 15th of the month - paid on the 25th of the month.
- Period 2 - 16th of the month through the end of the month - paid on the 10th of the following month.

Separation Form - Required with final timecard whenever anyone separates employment (student, temp, or staff).

International Hires - International employees **require an additional clearance PRIOR to their start date.**

This process oftentimes takes an additional 2 weeks. Please have them bring all their documents (VISA, Passport, I-20, I-94, social security card, etc., as applicable) to the Research Foundation HR office as soon as possible to start the process. If they do not have a social security number, we will assist in preparing a letter that they will have to take to the Social Security Administration to obtain one. They must have all of this in order, completed and approved by HR prior to starting work. We will not be able to compensate international employees for any time worked prior to clearance. No exceptions. Please let HR know if you are anticipating hiring an international individual.

NOTE: Individuals on an **H1B VISA** (specialized, petitioned VISA that is employer specific) cannot work for the Research Foundation unless the Research Foundation specifically petitioned for the individual to work. Because of the nature of grant (soft) money, the Research Foundation will only consider petitioning concurrent H1B VISAs for faculty that hold a primary H1B VISA with the university. All costs associated with the H1B Petition are the responsibility of the project/individual.
